Effective: February 22, 2004

Interexchange Service Tariff

TARIFF FORMAT

- A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are added to the Tariff from time to time. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised page 14 cancels the 3rd revised page 14.
- C. Paragraph Numbering Sequence - There are seven levels of paragraph coding. Each level of coding is subservient to its next higher level:
 - 2.1
 - 2.1.1
 - 2.1.1 (A)
 - 2.1.1 (A).1
 - 2.1.1 (A).1.a
 - 2.1.1 (A).1.a.i
 - 2.1.1 (A).1.a.i (1)
- D. Check Pages - When a Tariff filing is made with the Commission, an updated check page accompanies the Tariff filing. The check page lists the pages contained in the Tariff with a cross-reference to the current revision number. When new pages are added, the check page is changed to reflect the revision.

Interexchange Service Tariff

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

A.C.C.: A.C.C. stands for the Arizona Corporation commission.

Access or Access Line: A transmission line used to transmit voice and/or data calls from the Customer's Premises to a telephone company serving Wire Center or a Company-designated POP or from a telephone company serving Wire Center or a Company-designated POP to the Customer's Premises.

Airline Mileage: The distance in mileage between two Wire Centers whose position is specified by industry standards.

Alternate Routing PVC: Provides a logical connection to an alternate host site processor/server in the event of an outage at the primary location. Alternate Routing PVCs are utilized in the event of an outage at the primary location only, not typical day-to-day use.

Ancillary Charges: Charges for supplementary Services as set forth in this Tariff which may consist of both nonrecurring and monthly recurring charges.

ANSI: American National Standards Institute. A standards-setting, non-government organization, which develops and publishes standards for voluntary use in the United States.

Applicant: Any entity or individual who applies for Service under this Tariff.

ASR: Access Service Request. Used to request the provision of special access or Switched Access as specified by the Local Access Provider.

ATM: Asynchronous Transfer Mode/Cell Relay Service. A high speed digital data Service utilizing cell-switching technology. Access speeds range from DS1 (1.544 Mbps) to OC12 (622 Mbps).

Interexchange Service Tariff

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

Authorized User: A person, firm, corporation or other entity (including Customer) that 1) is authorized by the Customer to be connected to and utilize the Company's Services under the terms and regulations of this Tariff or 2) either is authorized by the Customer to act as the Customer in matters of ordering, changing or canceling Service or is placed in a position by the Customer, either through acts or omissions, to act as Customer in such matters. Such actions by an Authorized User shall be binding on Customer and shall subject Customer to any associated charges.

B-Channel: The Bearer, or B, Channel. A 64 Kbps Channel that is a fundamental component of ISDN.

B8ZS (Bipolar 8 Zero Substitution): B8ZS is a DS1 line coding technique that enables digitized voice and data transmission at the rate of 1.536 Mbps independent of the number of consecutive zeros and pulse density requirements that are normally imposed on the T1 transmission line.

Bandwidth: The total frequency band, in Hertz, allocated for a Channel.

Base Rate: The monthly recurring charge for Data Services without discounts.

BER: Bit error ratio. The percentage of received bits in error compared to the total number of bits received, expressed as a number the power of 10.

Bit: Binary Digit. Bit denotes the smallest unit of information in a binary system of notation and is the basic unit in data communications.

Blocking: A temporary condition that may be initiated so that the Customer cannot utilize Service.

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

Burst Rate: The upper Bandwidth limit the PVC is allowed to send data through the FRS network. The Burst Rate is limited by the actual physical Port access speed.

Business Customer: A Customer whose use of the Services is primarily or substantially for a business, professional, institutional, or occupational purpose.

CAP: Competitive Access Provider.

Carrier Common Line Charges: The charges the long distance companies pay to the local telephone companies for carrier common line access service which provides for the use of end user's telephone company provided common lines by subscribers for access to such end users to furnish interstate communications.

CCITT: Consultative Committee on International Telegraphy and Telephone (now known as the ITU). Establishes standards for telecommunications equipment, systems, networks, and services.

Cell Loss Ratio: The ratio of the number of cells lost to the total number of incoming cells.

Channel or Circuit: A communications path between two or more points having a standard Bandwidth or Transmission Speed selected by the Customer.

CIR: Committed Information Rate. Refers to the minimum data transmission rate committed for transmission over the FRS network by the Customer. The Customer may transmit or "burst" up to the Port speed but any amount of data over the CIR will be marked as DE. All data marked as DE will be discarded in the event of network congestion.

CLEC: Competitive Local Exchange Carrier. Any carrier or reseller offering local exchange telecommunications services other than the incumbent LEC.

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

Commission: Arizona Corporation Commission or any succeeding agency.

Company: Southwestern Bell Communications Services, Inc. ("SBCS") d/b/a Southwestern Bell Long Distance ("SBLD"), d/b/a Nevada Bell Long Distance ("NBLD"), d/b/a Pacific Bell Long Distance ("PBLD"), and d/b/a SBC Long Distance ("SBCLD").

Company-Provided: The switching, transmission, and other related telecommunications or computer equipment/facilities provided by the Company or by any combination of the Company or other authorized Third Party Vendors contracted by the Company.

CPE: Customer-Provided Equipment. Terminal equipment connected to the telephone network which is owned by the Customer or leased by the Customer from a supplier.

CPNIP: Customer Premises Network Interface Points.

CRC: Cycle Redundancy Check. A process used to check the integrity of a block of data.

Credit Card: Visa®, MasterCard®, or other Credit Cards issued by other companies the Company may accept.

CS: Controlled Slip. The occurrence at the receiving terminal of a replication or deletion of the information Bits in a frame.

CS Event: The occurrence of a Controlled Slip.

CSA: Canadian Standards Association. A non-profit, independent organization which operates a listing service for electrical and electronic materials and equipment.

CSU/DSU: Channel Service Unit/Data Service Unit.

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

Customer: A person or legal entity which subscribes to the Company's Services and thereby assumes responsibility for the payment of charges and compliance with the Company's Tariff.

Customer Commitment Date: The date in which the Company receives a firm commitment from a Customer for the provision of one of the Company's Data Service offerings.

Customer Premises/Customer's Premises: Location(s) designated by a Customer where Service is originated/terminated.

D-Channel: The Delta, Data, or D, Channel. Used to carry signaling and control information associated with B-Channels.

Data Services: Communication Services which are designed to allow the transfer of formatted information between points. Data Services include but are not limited to Private Line Service, Frame Relay Service, ATM Service, and Primary Rate ISDN (PRI).

DE: Discard Eligible. A Frame Relay service standard that specifies that data sent across a PVC in excess of that connection's CIR will be marked by the network as being eligible for discard by the network in the event of network congestion.

Dedicated Access: Where Customer's Premises has a non-switched connection to the POP selected by the Company for origination and or termination of calls. When Dedicated Access is used to provide Data Services, the Dedicated Access is referred to as local loop.

Defects or Defective Service: A shortcoming or an imperfection in Data Service(s) as a result of mistakes, accidents, errors, omissions, interruption or delay in Service.

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

Disaster Recovery PVCs: PVCs that allow for the implementation of logical connections between branch locations and a secondary processor/server center (disaster recovery site) should a non-recoverable disaster occur at the primary host site.

Diversity: Customer-designated routing which indicates a Customer-designated departure from the primary route, usually with physical separation.

DLCI: Data Link Connection Identifier. The address information assigned to Customer-designated end points used to identify PVCs and route frames of data.

DSO: Digital Signal level Zero. Composed of one 64 kiloBit Channel.

DS1: Digital Signal level One. Composed of twenty-four 64 Kbps Channels with a throughput capacity of 1.544 Mbps. Also called T-1.

DS3: Digital Signal level Three. Composed of 28 DS1 Channels and operating at 44.736 Mbps. Also called T-3.

DVA: Dedicated Voice Access.

EFS: Error Free Seconds. A measure of the percentage of total seconds when measured over a consecutive thirty day period that do not contain Bit errors.

End User: The person or legal entity which uses the Service provided by the Company.

ES: Errored Second. A count of one-second intervals containing one or more CRC-6 code violations, or one or more CS events or one or more SEF events.

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

Exemption Certificate: A written notification provided by the Customer certifying that its dedicated facility should be exempted from the monthly Special Access Surcharge because (a) the facility terminates in a device not capable of interconnecting Service with the local exchange network or (b) the facility is associated with a Switched Access Service that is subject to Carrier Common Line Charges.

Extended Super-Frame Format: A DS1 framing standard. With this format twenty-four frames, instead of twelve, are grouped together.

F.C.C.: Federal Communications Commission or any succeeding agency.

FE: Framing-Bit Error or Framing Error. An error occurring when a receiver improperly interprets the set of bits within a Frame.

FE Event: The occurrence of a framing error or framing-Bit error.

FOC: Firm Order Confirmation.

Frame: A group of data Bits, in a specific format, with a flag at either end to indicate the beginning and end of the frame. The defined format enables network equipment to recognize the meaning and purpose of specific Bits.

Frame Relay Service Port: A communications interface through which a Customer obtains connection to the Frame Relay network.

FRATM: Connects two Customer sites, one having Frame Relay Port and the other an ATM Port, to provide transparent interworking between Frame Relay and ATM networks.

Interexchange Service Tariff

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

FRS: Frame Relay Service. A wide area data service that provides high throughput and low delay via packet-switching technology. FRS offers Customers the capability to connect locations via PVCs for data transmission.

FRS: Frame Relay Service. A packet data service accessible at speeds of up to 40 Mbps which provides Customers with a capability to connect locations via PVCs for data transmission.

FRTTP: Frame Relay Term Plan.

FX: Foreign Exchange Service. Provides local telephone service from a central office message switch which is outside (foreign to) the subscriber's exchange area.

Gbps: GigaBits per second. A billion Bits per second.

Hertz: A unit of frequency equal to one cycle (**the cycle**) per second.

IA: Intergrated Access.

ICB: Individual Case Basis. A Service provided involving a nonstandard arrangement. The nature of such Service requirements makes it difficult or impossible to establish general Tariff provisions for such circumstances.

ILEC: Incumbent Local Exchange Carrier.

InterLATA: Any call or transmission that originates in one LATA and terminates in a different LATA.

International: Involving two or more nations.

Interexchange Service Tariff

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

IntraLATA: Any call or transmission that originates in one LATA and terminates within the same LATA.

IOC: Interoffice Channel.

ISDN: Integrated Services Digital Network. Integrates voice, data, and video communications services via standard interfaces.

ITU: International Telecommunications Union (formerly known as the CCITT). An organization established by the United Nations with membership from virtually every government in the world. Its objectives are to set telecommunications standards and allocate frequencies to various uses.

IXC: Interexchange Carrier.

Joint User: A corporation, association, partnership, or individual that is permitted to use a Customer's Service by mutual agreement between the Customer and the Joint User in accordance with the terms and conditions of this Tariff.

Kbps: Kilobits Per Second. One thousand Bits per second.

LATA: Local Access Transport Area. A geographically defined regulatory boundary established by the Modification of Final Judgement.

LEC: Local Exchange Carrier.

Local Access: The service between a subscriber's premises and a Company-designated POP.

Local Access Provider: An entity providing Local Access.

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

Mbps: Megabits per second. Million Bits per second.

Modification of Final Judgment: The judicial opinion United States vs. American Telephone & Telegraph Company, 552 F. Supp. 131 (D.C. 1982). See United States v. Western Electric Co., 552 F. Supp. 131 (D.D.C. 1982), affd sub nom. Maryland v. United States, 460 U.S. 1001 (1983).

MRC: Monthly Recurring Charge.

MTM: Month-to-Month.

MTTR: Mean Time To Repair. The average time required to restore to Service.

NFRS or NFR: National Frame Relay Service.

NNI: Network To Network Interface. The interface defines the point of interconnection between two service providers.

NNI – Port and Access: Connects the Customer's network to the Company FRS network, based upon the standards defined NNI signaling protocol. Each NNI Port and Access may accommodate multiple Permanent Virtual Circuits based upon the speeds selected. .

NNI – Port Only: Connects the Customer's network to the Company FRS network, based upon the standards defined NNI signaling protocol. Each NNI Port may accommodate multiple Permanent Virtual Circuits based upon the speeds selected.

Interexchange Service Tariff

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

Non-Channelized: Non-Channelized is the capability to permit the unrestricted use of a digital communication channel independent of the number of consecutive zeros and pulse density requirements (ie., 64 kbps usable Bandwidth for a DSO channel and 1.536 Mbps usable bandwidth for a DS1 channel).

NRC: Non-recurring charge.

OC: Optical Carrier. Optical Carrier level-1 is the optical counterpart of STS-1 (the base rate, 51.840 Mbps, on which SONET is based). Direct electrical-to-optical mapping of the STS-1 signal with frame synchronous scrambling. All higher levels are direct multiples of OC-1 (i.e. OC-3 = 3 times OC-1, etc).

OC3: Optical Carrier Level 3.

OC12: Optical Carrier Level 12.

OTC: One Time Charge.

Oversubscription: Oversubscription allows the sum of the CIRs for all PVCs connected to an access port to exceed the speed of the access port. No individual PVC may be provisioned at a speed greater than either of its associated port speeds.

POP: Point-of-Presence. A physical place at which the local telephone company terminates subscriber Circuits for long distance dial-up or leased-line communications or a Company-designated location where a facility is maintained for the purpose of providing access to the Company's Service.

Port: The physical or electrical interface through which access to the communications network is obtained.

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

PRI: Primary Rate Interface. The ISDN equivalent of a DS1 Circuit. The Primary Rate Interface consists of twenty-four 64 Kbps Channels.

Priority PVCs: Priority Quality of Service offers reduced delay and packet loss between end-points when used with small, fixed-length frame traffic.

Private Line: Discrete communication Bandwidth dedicated for a Customer's exclusive use. A Private Line is provisioned on facilities that may be shared and accomplished through a variety of technologies and media.

Private Line Service: Full duplex transmission/transport service between two points. Private Line Service(s) are defined by Bandwidth, signaling, media, etc.

PVC: Permanent Virtual Connection provides the customer with the electronic equivalent of a private line between two points. At the time of subscription to this form of service, a virtual circuit is established between two specific customer network addresses on the FRS network. While no physical circuits are dedicated, the two network addresses are electronically connected together.

QoS: Quality of Service.

Reseller: A Customer that resells the Company's Service(s) with the Company's authorization.

SEF: Severely Errored Framing event. The SE (severely errored) indicator of performance report message.

SEF Event: The occurrence of a severely errored frame. A one-second interval with eight (8) or more framing errors/framing-Bit errors.

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

Service: Any or all services provided pursuant to this Tariff.

Service Order: The standard Company order form(s), in effect from time-to-time, or Customer's forms accepted in writing by an authorized representative of the Company for Service which shall enable the Company to provide Service.

SES: Severely Errored Seconds. Errored seconds during which the error rate exceeded ten (10).

SONET: Synchronous Optical NETwork. A family of fiber-optic transmission rates from 51.84 Mbps to 2.488 Gbps. An optical interface standard.

Special Access Surcharge: A charge imposed by the Local Exchange Companies in accordance with Section 69.115 of the FCC Rules and Regulations.

State: State of Arizona.

STS: Synchronous Transport Signal. A SONET electrical signal rate.

Switched Access: If the Customer's location has a transmission line that is switched through the LEC or CLEC to reach the long distance network, the access is switched.

Switched Services(s): Any Services that are not Data Services as defined herein which use message switches to share inter-switch transport.

T-1: Composed of twenty-four (24) 64 Kilobit Channels with a throughput capacity of 1.544 Mbps. Also called DS1.

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

T1C: A digital carrier facility used to transmit a DS-1 formatted digital signal at 3.152 Mbps.

Third Party Vendor: A company, entity or individual, other than the Company, designated by the Company that provides the facilities and/or the equipment required to provide Service(s).

TLC: Termination Liability Charge. A charge which applies when the Customer cancels Service prior to the expiration date of a term plan agreement for Data Service(s).

Transmission Speed: Denotes the line or Channel speed in Bits per second.

TTR: Time To Repair. Measured in terms of hours from the time the Service was released for test and repair to operability within accepted thresholds. The time to restore Service on an event basis.

TTP: Time To Provision.

SECTION 1 - DEFINITIONS AND ABBREVIATIONS

UNI: User-Network Interface. The physical and electrical demarcation point between the user and the service provider.

UNI - Port and Access: Connects the Customer to the Company's FRS network, based upon the standards defined UNI signaling protocol. Each UNI Port and Access may accommodate multiple Permanent Virtual Circuits based upon the speeds selected.

UNI - Port Only: Connects the Customer to the Company's FRS network, based upon the standards defined UNI signaling protocol. Each UNI Port may accommodate multiple Permanent Virtual Circuits based upon the speeds selected.

V&H: Vertical and Horizontal geographic coordinates.

VIP: Volume Incentive Plan.

Wire Center: A specified geographical location used for determining mileage measurements.

SECTION 2 - RULES AND REGULATIONS

2.1 Application of the Tariff

2.1.1 This Tariff contains the descriptions, regulations, and maximum rates applicable to intrastate InterLATA and intrastate IntraLATA telecommunications Service offered by SBCS with principal offices located at 5850 W. Las Positas Blvd., Pleasanton, California 94588. Unless specifically limited or expanded in this Tariff, all Data Services described in this Tariff are available for interconnection at Customer Premises located in the State.

2.1.2 The Company shall not be deemed to have waived or impaired any right, power, requirement or option reserved by this Tariff (including, without limitation, the right to demand exact compliance with every term and condition herein), by virtue of any custom or practice of the Company at variance with the terms hereof, or any failure, refusal or neglect of Company to exercise any right under this Tariff or to insist upon exact compliance with its terms, or any waiver, forbearance, delay, failure or omission by Company to exercise any right, power or option hereunder.

SECTION 2 - RULES AND REGULATIONS

2.2 Limitations On Service

2.2.1 Service is offered subject to the availability of the necessary systems, facilities, and equipment, and where Company provides Service. Company may refuse to provide Service to or from a location where the necessary systems, facilities, or equipment are not available. As used herein, the terms "availability" and "available" refer to systems, facilities, and equipment owned by Company and Company's current capacity purchased from third party providers. In cases where Service is not currently available, Company shall not be obligated to provide Service by a particular time or in a particular manner. If the parties cannot agree concerning the provision of currently unavailable Service, either party may cancel Customer's order for such Service. Service is subject to the following limitations:

- (A) Company does not undertake to transmit messages, but offers its Service when available, and shall not be liable for errors in transmission or for failure to establish connections.
- (B) Company reserves the right to refuse to process Third Party Vendor calls when standard validation techniques cannot confirm acceptance.
- (C) Company reserves the right to discontinue or limit Service, or to impose requirements, as required, to meet changing regulatory or statutory rules and standards.

2.2.2 The Company reserves the right to refuse Service to any Applicant who is found to be indebted to the Company for Service previously furnished until satisfactory arrangements have been made for the payment of such indebtedness.

2.2.3 Reserved for future use.

ADMINISTRATIVELY
APPROVED FOR FILING

Issued: January 16, 2004

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 2 - RULES AND REGULATIONS

2.2 Limitations On Service (continued)

2.2.4 Without incurring liability, the Company reserves the right to discontinue Service or to limit the use of Service, when necessitated by conditions beyond the Company's control, or when the Customer or End User is using Service in violation of the law or in violation of the provisions of this Tariff.

2.2.5 Conditions under which the Company may, without notice, terminate Service without liability include, but are not limited to:

(A) The existence of an obvious hazard to safety or health of the Customer or the general population or the Company's personnel or the facilities of the Third Party Vendor.

(B) The Company has evidence of tampering or evidence of fraud.

The Company is not required to restore Service until the conditions which resulted in the termination of Service have been corrected to the satisfaction of the Company.

The Company will maintain a record of all terminations of Service without notice. This record will be maintained for a minimum of one (1) year and will be available to inspection by the Commission.

SECTION 2 - RULES AND REGULATIONS

2.2 Limitations On Service (continued)

2.2.6 Conditions under which the Company may, with notice, terminate Service without liability include, but are not limited to:

- (A) Customer violation of any of the Company's Tariffs filed with the Commission and/or violation of the Commission's rules and regulations;
- (B) failure of the Customer to pay a bill for Service;
- (C) failure too meet or maintain the Company's credit and deposit requirements;
- (D) Customer breach of contract for Service between the Company and Customer;
- (E) when necessity for the Company to comply with an order of any governmental agency having such jurisdiction.

2.2.7 Initial and continuing Service is offered subject to the availability of necessary facilities and/or equipment, including those to be provided by other companies furnishing a portion of the Company's Service(s).

SECTION 2 - RULES AND REGULATIONS

2.2 Limitations On Service (continued)

2.2.8 Service is furnished subject to the condition that there will be no abuse or fraudulent use of the Service. Abuse or fraudulent use of Service includes, but is not limited to:

- (A) Service that is used by the Customer or End User to frighten, abuse, torment, or harass another; or
- (B) Service that is used by the Customer or End User in a manner which interferes with the use of Service by one or more other Customers; or
- (C) Service that is used by the Customer or End User to place calls by means of illegal equipment, service, or device; or
- (D) Service that is used by the Customer or End User to transmit a message or to locate a person or otherwise to give or obtain information, without payment of the applicable charge.

SECTION 2 - RULES AND REGULATIONS

2.2 Limitations On Service (continued)

2.2.11 The Company reserves the right, without incurring liability, to refuse to provide Service to or from any location where the necessary facilities and/or equipment are not available or if any of the following conditions exists:

- the Applicant has an outstanding amount due for similar Services and the Applicant is unwilling to make acceptable arrangements with the Company for payment;
- a condition exists which in the Company's judgment is unsafe or hazardous to the Applicant, the general population, or the Company's or Third Party Vendors's personnel or the Company's or Third Party Vendor's facilities;
- refusal by the Applicant to provide the Company with a deposit when the Customer has failed to meet the credit criteria for waiver of deposit requirements;
- Customer is known to be in violation of the Company's Tariff filed with the Commission;
- Applicant falsifies its identity for the purpose of obtaining Service.

SECTION 2 - RULES AND REGULATIONS

2.2 Limitations On Service (continued)

2.2.12 Recording of telephone conversations provided pursuant to the Company's Service under this Tariff is prohibited except as authorized by applicable federal, state, and local laws.

2.2.13 The Company reserves the right to add, change, or delete Services at any time.

2.2.14 The Data Services offered in this Tariff begin and end at the network interface. The Customer is responsible for the provisioning, maintenance, and repair for all services on the Customer side of the network interface.

2.2.15 The Company, when acting at the Customer's request and as its authorized agent for ordering Dedicated Access, will make reasonable efforts to arrange for service requirements.

2.2.16 The Company does not generally provide echo suppression. However, for Services that require Dedicated Access to reach the long distance network, the Company, not the Customer, will determine when echo suppression will be provided.

SECTION 2 - RULES AND REGULATIONS

2.3 Limitation of Liability

The Company's liability will be limited to that expressly stated in Sections 2.3.1 through 2.3.17 of this Tariff in connection with the provision of Service to Customer.

- 2.3.1 Company will not be liable to Customer for damages or statutory penalties or be obligated to make any adjustment, refund, or cancellation of charges, unless Customer has notified Company in writing of facts sufficient to provide Company with the reasonable basis of any dispute or claim for damages, within sixty (60) days after an invoice is rendered by Company giving rise to such dispute or claim.
- 2.3.2 Unless otherwise stated in this Tariff, the liability of the Company for negligence arising out of mistakes, omissions, interruptions, delays, errors, defects or other comparable actions occurring in the provision of recurring Service(s) shall be limited to a service adjustment based on the amount of time such Service is out of service times the applicable monthly recurring charge for Service.

SECTION 2 - RULES AND REGULATIONS

2.3 Limitation of Liability (continued)

2.3.3 In the event an error or omission is caused by the gross negligence of the Company, the liability of Company shall be limited to and in no event exceed the sum of \$10,000. Except as provided above, the Company's liability for damages of any nature arising from errors, omissions, interruptions, or delays of Company, its agents, servants, or employees, in the course of establishing, furnishing, rearranging, changing, moving, or terminating the Service, facilities, or equipment shall not exceed an amount equal to the charges applicable under these terms and conditions (calculated on a proportionate basis where appropriate) to the period such error, omission, interruption, or delay occurs.

2.3.4 Reserved for future use.

2.3.5 The Company will not be liable to the Customer for damages or statutory penalties or be obligated to make any adjustment, refund or cancellation of charges, unless the Customer has notified the Company in writing of facts sufficient to provide Company with the reasonable basis of any dispute or claim for damages, within sixty (60) days after an invoice is rendered by Company giving rise to such dispute or claim.

SECTION 2 - RULES AND REGULATIONS

2.3 Limitation of Liability (continued)

2.3.6 IN NO EVENT SHALL COMPANY BE LIABLE FOR ANY INCIDENTAL, INDIRECT, PUNITIVE, SPECIAL, OR CONSEQUENTIAL DAMAGES, INCLUDING LOST REVENUE OR PROFITS. Company will not be liable for any act or omission by any other company(ies) furnishing a portion of the Service or associated facilities or equipment. If Company learns of actual or likely unauthorized, fraudulent, or unlawful use of any Company Service, Company may suspend Service without notice or liability. Company will not be liable for any failure of performance due to the use or abuse of Service by Customer including, but is not limited to, any calls placed by means of PBX-reorigination or any other equipment, service, or device. Compensation for any injury Customer suffers due to the fault of third parties must be sought from such third parties. Company will not be liable for any failure of performance due to any action, such as Blocking or refusal to accept certain calls, that Company deems necessary in order to prevent unauthorized, fraudulent, or unlawful use of its Service. Company shall not be liable for interruptions, delays, errors, or defects in transmission, or for any injury caused by Customer, its agents, or End Users, or by facilities or equipment provided by Customer or any Third Party Vendor. Company shall have no liability to any person or entity other than Customer and only as set forth herein.

2.3.7 Reserved for future use.

2.3.8 No contractors, agents or employees of connecting, concurring or other participating carriers or companies will be deemed to be contractors, agents or employees of the Company without the Company's written authorization.

2.3.9 Under no circumstances whatsoever will the Company's officers, agents, or employees be liable for any damages, including but not limited to direct, indirect, actual, consequential, special, or punitive damages, or lost profits.

SECTION 2 - RULES AND REGULATIONS

2.3 Limitation of Liability (continued)

2.3.10 The Company will not be liable for any failure of performance hereunder due to causes beyond its control including, but not limited to:

- (A) Unavoidable interruption in the working of transmission facilities; or
- (B) Natural disasters such as storms, fire, flood, or other catastrophes; or
- (C) Any law, order, regulation, direction, action or request of the United States Government, or any other governmental entity having jurisdiction over the Company or of any department, agency, commission, bureau, corporation or other instrumentality of any one or more of such governmental entity, or of any civil or military authority; or
- (D) National emergencies, insurrections, riots, rebellions, wars, strikes, lockouts, work stoppages, supplier failures, shortages, breaches or delays, or other labor difficulties; or
- (E) The unlawful acts of individuals, including acts of the Company's agents and employees if committed beyond the scope of their employment; or
- (F) Explosions, vandalism, cable cut or other similar occurrences; or
- (G) Preemption of existing Services to restore Service(s) in compliance with part 64, Subpart 64, Subpart D, Appendix A, of the F.C.C.'s rules and regulations; or
- (H) Any failure to provide or maintain Service under this Tariff due to circumstances beyond the Company's control.

SECTION 2 - RULES AND REGULATIONS

2.3 Limitation of Liability (continued)

- 2.3.11 The Company will use its best efforts to provide Services consistent with industry standards. The Company will have no liability to the Customer for any loss of revenue or any other direct, special, incidental, consequential, or other damages the Customer may sustain resulting from the failure or inability of the Company to provide Service to its Customers; negligent or defective Services to Customers; equipment, computer, network, or electrical malfunctions of any kind, breakdowns, or outages; or any other cause, whether or not within the control of the Company.
- 2.3.12 If the Company learns of actual or possible unauthorized, fraudulent, or unlawful use of any Company Services, the Company will make an effort to contact the Customer, but Service may be blocked without notice and without liability to the Company. Service may be suspended by the Company without incurring liability. Service will be restored as soon as it can be provided without undue risk and only after accounts have been brought current.
- 2.3.13 The Company does not undertake to transmit messages but furnishes the use of its Services to its Customers for telecommunications. The Company is not liable for the content of the Customer's messages.
- 2.3.14 The Company may rely on Third Party Vendors for the performance of certain services such as Dedicated Access. Upon Customer request and execution and delivery of appropriate authorizing documents, the Company will act as agent for the Customer in obtaining such other services. Customer's liability for charges hereunder will not be reduced by untimely installation or non-operation of Customer-provided facilities and equipment.

SECTION 2 - RULES AND REGULATIONS

2.3 Limitation of Liability (continued)

2.3.15 The Company will not be liable for:

- (A) Any act or omission of any other company or companies furnishing a portion of the Service or furnishing facilities or equipment associated with such Service.
- (B) Damages caused by the fault or negligence or willful misconduct of the Customer or End User.
- (C) Any failure to provide or maintain Service under this Tariff due to circumstances beyond the Company's reasonable control.
- (D) Any direct, indirect, consequential, special, actual, or punitive damages, or for any lost revenues or profits of any kind or nature whatsoever arising out of any furnishing of, or interruption in, Service provided hereunder. Under no circumstances whatsoever will the Company's officers, agents, or employees be liable for such damages or lost revenue or lost profits.
- (E) Any indirect, incidental, special or consequential damages, lost revenue or lost profits of any kind, even if Company is advised of the possibility of such consequences.

SECTION 2 - RULES AND REGULATIONS

2.3 Limitation of Liability (continued)

2.3.15 (continued)

- (F) The use or abuse of any Service described herein by any party including, but not limited to, the Customer or End User. Use or abuse includes, but is not limited to, any calls placed by means of illegal equipment, service, or device. Compensation for any injury the customer may suffer to the fault of third parties must be sought from such other parties. Compensation for any injury the Customer may suffer due to the fault of third parties must be sought from such other parties.
- (G) Any action that Company deems necessary in order to prevent unauthorized, fraudulent, or unlawful use of its Service. Compensation for any injury the Customer may suffer due to the fault of parties other than the Company must be sought from such other parties.
- (H) The Company will not be liable for any claim where the Customer indemnifies the Company pursuant to Section 2.5 of this Tariff.

2.3.16 If someone other than the Customer (e.g., authorized or unauthorized) has use of the Service directly or indirectly through the Customer, then Customer agrees to forever indemnify and hold the Company and any affiliated or unaffiliated Third Party Vendor or operator of facilities employed in provision of the Service harmless from and against any and all claims, demands, suits, actions, losses, damages, assessments or payments which may be asserted by said parties.

SECTION 2 - RULES AND REGULATIONS

2.3 Limitation of Liability (continued)

2.3.17 The Company shall not be liable to the Customer or any other person, firm or entity in any respect whatsoever as a result of mistakes, accidents, errors, omissions, interruptions, delays, or Defects in Service (collectively "Defects" or "Defective Service"). Defects caused by or contributed to, directly or indirectly, by act or omission of Customer (including Authorized Users) or Customer's customers, affiliates, agents, representatives, invitees, licensees, successors or assigns or which arise from or are caused by the use of facilities or equipment of Customer or related parties shall not result in the imposition of any liability whatsoever upon the Company, and Customer shall pay to the Company any reasonable costs, expenses, damages, fees or penalties incurred by the Company as a result thereof, including costs of Local Access Providers' labor and materials.

In addition, all or a portion of the Service may be provided over facilities of third parties, and the Company shall not be liable to Customer or any other person, firm or entity in any respect whatsoever arising out of Defects caused by such third parties. Company shall not be liable for any direct, indirect, consequential, special, actual, punitive or any other damages, or business interruption, or for any lost profits or lost revenues of any kind or nature whatsoever arising out of any Defective Service or any other cause. Any warrantee and remedies explicitly set forth in this Tariff are exclusive and in lieu of all other warranties or remedies, whether expressed, implied or statutory, including without limitation implied warranties of merchantability and fitness for a particular purpose. In the event of an interruption in Service, any Defect in the Service whatsoever or a failure to perform under this Tariff, neither Company nor any Third Party Vendor or operator of facilities employed in the provision of the Service shall be liable for any direct, indirect, consequential, special, actual, punitive or any other damages, or for any lost profits or lost revenues of any kind or nature whatsoever.

SECTION 2 - RULES AND REGULATIONS

2.4 Use of Service

- 2.4.1 The Company's Services are available for use twenty-four hours per day, seven days per week.
- 2.4.2 The Service offered herein may be used for any lawful purpose, including business, governmental, or other use. The Customer is liable for all obligations under this Tariff notwithstanding any sharing or resale of Services and regardless of the Company's knowledge of same. The Company will have no liability to any person or entity other than the Customer and only as set forth herein. The Customer will not use nor permit others to use the Service in a manner that could interfere with Service provided to others or that could harm the facilities of others.
- 2.4.3 Service furnished by the Company may not be used to make calls which might reasonably be expected to frighten, abuse, torment, or harass another. The Service may not be used for any purpose for which any payment or other compensation is received by the Customer except when the Customer is an authorized communications common carrier, an authorized resale common carrier, or an enhanced or electronic service provider who has subscribed to the Company's Service. However, this provision does not preclude an agreement between the Customer, Authorized User, or Joint User to share the cost of the Service as long as this arrangement generates no profit for anyone participating in a joint use or authorized use arrangement.

SECTION 2 - RULES AND REGULATIONS

2.4 Use of Service (continued)

2.4.4 Service furnished by the Company may be arranged for joint use or authorized use. The Joint User or Authorized User will be permitted to use such Service in the same manner as the Customer, but subject to the following conditions.

- (A) The Customer must complete and provide to the Company all Service agreements and/or other documentation required by the Company to initiate Service.
- (B) One Joint User or Authorized User must be designated as the Customer. The designated Customer does not necessarily have to have communications requirements of its own. The Customer must specifically name all Joint Users or Authorized Users in the application for Service. Service Orders which involve the start, rearrangement or discontinuance of joint use or authorized use of Service will be accepted by the Company only from that Customer and will be subject to all requirements of these terms and conditions.

Interexchange Service Tariff

SECTION 2 - RULES AND REGULATIONS

2.4 Use of Service (continued)

2.4.4 (continued)

- (C) All charges for the Service will be computed as if the Service were to be billed to one Customer. The Joint User or Authorized User which has been designated as the Customer will be billed for all components of the Service and will be responsible for all payments to the Company. If designated Customer fails to pay the Company, each Joint User or Authorized User will be liable to the Company for all charges incurred as a result of its use of the Company's Service. Each Joint User or Authorized User must submit to the designated Customer a letter guaranteeing payment for the Joint User's or Authorized User's portion of all charges billed by the Company to Customer and specifying that the Joint User or Authorized User understands that Company will receive a copy of the guaranty from Customer. Customer will be responsible for allocating charges to each Joint User or Authorized User.
- (D) Joint use is a billing allocation arrangement and not a resale arrangement. Neither the Customer nor any Joint User nor any third party engaged by either of them in connection with a joint use agreement or arrangement may mark up Service or otherwise profit from the joint use agreement or arrangement.

SECTION 2 - RULES AND REGULATIONS

2.5 Obligations of the Customer

2.5.1 Customer shall indemnify, defend, and hold harmless Company (including the cost of reasonable attorneys' fees) against:

- (A) Claims for libel, slander, infringement of copyright, infringement of patent or copyright, or unauthorized use of any trademark, trade name, or service mark arising out of the material, or service mark arising out of the material, data, information, or other content transmitted by Customer, its agents, or End Users over Company-Provided facilities or equipment.
- (B) Claims for patent infringement arising from combining or connecting Company-Provided facilities or equipment with facilities, equipment, apparatus, or systems of Customer.
- (C) All other claims (including claims for damage to any business or property, or injury to, or death of, any person) arising out of any negligent or wrongful act or omission of Customer, its agents, End Users, or customers in connection with any Service or facilities or equipment provided by Company or Third Party Vendor.

SECTION 2 - RULES AND REGULATIONS

2.5 Obligations of the Customer (continued)

2.5.1 (continued)

(E) Any suits, claims, losses or damages, including punitive damages, attorney fees and court costs by third persons arising out of the construction, installation, operation, maintenance, or removal of the Customer's Circuits, facilities, or equipment connected to Services. This includes without limitation, workmen's Compensation claims, and proceeding to recover taxes, fines, or penalties for failure of the Customer to obtain or maintain in effect any necessary certificates, permits, licenses, or other authority to acquire or operate Service(s).

2.5.2 If a Customer directly or indirectly authorizes third parties to use the Service, the Customer will indemnify and hold the Company harmless against any and all claims asserted by said party, demands, suits, actions, losses, damages, assessments or payments which may be asserted or demanded by said parties or by others as a result of said parties' actions or omissions.

2.5.3 The Company's failure to provide or maintain Service under this Tariff will be excused by the Customer for all circumstances beyond the Company's reasonable control.

ADMINISTRATIVELY

SECTION 2 - RULES AND REGULATIONS

2.5 Obligations of the Customer (continued)

- 2.5.4 The Customer will indemnify and save the Company harmless from any and all liability not expressly assumed by the Company in Section 2.3 of this Tariff and arising in connection with the provision of Service to the Customer, and will protect and defend the Company from any suits or claims alleging such liability, and will pay all expenses (including attorneys' fees) and satisfy all judgments which may be incurred by or rendered against the Company in connection therewith.
- 2.5.5 The Customer is responsible for paying for all Services the Company provides to or from the Customer's Premises, regardless of whether the Customer's facilities were fraudulently used or used without Customer's knowledge in full or in part. These responsibilities are not changed due to any use, misuse or abuse of the Customer's Service or Customer-provided equipment by third parties, the Customer's employees or public.
- 2.5.6 The termination or disconnection of Service(s) by the Company pursuant to Sections 2.2.5, 2.2.6, and 2.20 of this Tariff or if the Customer cancels Service pursuant to Section 2.19 of this Tariff does not relieve the Customer of any obligations to pay the Company for charges due and owing for Service(s) furnished up to the time of termination or disconnection. The remedies set forth herein will not be exclusive, and the Company will at all times be entitled to all rights available to it under either law or equity.

SECTION 2 - RULES AND REGULATIONS

2.5 Obligations of the Customer (continued)

2.5.7 The Customer is responsible for taking all necessary legal steps for interconnecting Customer-provided terminal equipment with Company-designated facilities. The Customer will ensure that the signals emitted into the long distance network do not damage Company-Provided equipment, injure personnel, or degrade Service to other Customers or other users of the long distance network. The Customer is responsible for securing all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection. The Customer is responsible for taking all necessary legal steps for interconnecting the Customer-provided terminal equipment with Local Access. In addition, the Customer shall comply with applicable Local Access Provider's signal power limitations and requirements.

2.5.8 The Customer will be responsible for the payment of all charges for Services provided under this Tariff and for the payment of all excise, sales, use, gross receipts or other taxes that may be levied by a federal, state, or local governing body or bodies applicable to the Service(s) furnished under this Tariff unless specified otherwise herein. Also see Section 2.17 of this Tariff for additional information regarding the Customer's obligations concerning taxes.

SECTION 2 - RULES AND REGULATIONS

2.5 Obligations of the Customer (continued)

2.5.9 Reserved for future use.

2.5.10 If Service is terminated pursuant to Section 2.2.5, Section 2.2.6 or Section 2.20 of this Tariff or if the Customer cancels Service pursuant to Section 2.19 of this Tariff, the Customer will be deemed to have cancelled Service as of the date of such termination or cancellation and will be liable for any cancellation charges set forth in the Price List.

2.5.11 The Company will accept orders from an agent appointed by the Customer. An agency appointment must be sent to the Company in writing. If directed by the Customer, the bill for the Data Service will be sent to the agent and issued in the name of the Customer, in care of the agent. Regardless of the authority the Customer has given the agent to act on behalf of the Customer, the Customer retains responsibility for compliance with Tariff regulations and any act or omission of the agent.

SECTION 2 - RULES AND REGULATIONS

2.5 Obligations of the Customer (continued)

2.5.12 The Customer is responsible for the payment of all charges for Service(s) provided under this Tariff and for the payment of all assessments, duties, fees, surcharges, taxes, or similar liabilities whether charged to or against the Company or the Customer. This includes but is not limited to amounts the Company is required by governmental, quasi-governmental, or other entities to collect and/or to pay to designated entities. The Company may adjust its rates and charges or impose additional rates and charges on its Customer in order to recover these amounts. Unless specified otherwise herein, if an entity other than the Company (e.g., another carrier or supplier) imposes charges on the Company in connection with a Customer's Service, that entity's charges may be passed through to the Customer. The Customer is responsible for the payment of all such charges.

2.5.13 If as a result of inaccurate information provided by the Customer, Circuits need to be moved, replaced, or redesigned, the Customer is responsible for the payment of all such charges. In the event the Company incurs costs and expenses caused by the Customer or reasonably incurred by the Company for the benefit of the Customer, the Customer is responsible for the payment of all such charges.

2.5.14 If the Company is acting as an agent of the Customer for ordering Dedicated Access for the provision of Data Service(s) and if the Customer is to be exempted from the monthly special access surcharge charged by the Local Access Provider, it is the Customer's responsibility to provide the Company with an Exemption Certificate.

SECTION 2 - RULES AND REGULATIONS

2.5 Obligations of the Customer (continued)

- 2.5.15 If an entity other than the Company (e.g., another carrier or supplier) imposes charges on the Company in connection with service provided to a specific Customer and those charges are not specifically listed in the Price List, those charges will be billed to the Customer on a pass-through basis. The Customer is responsible for payment of such charges.
- 2.5.16 A Customer shall not use any service mark or trademark of the Company or refer to the Company in connection with any product, equipment, promotion, or publication of the Customer without prior written approval of the Company.
- 2.5.17 In the event suit is brought or an attorney is retained by the Company to enforce the terms of this Tariff, the Customer shall reimburse the Company, in addition to any other remedy, for attorneys' fees, court costs, costs of investigation, and other related expenses incurred in connection therewith.

SECTION 2 - RULES AND REGULATIONS

2.5 Obligations of the Customer (continued)

2.5.18 When Company or Third Party Vendor personnel must install, repair, maintain, program, inspect, remove equipment associated with the provision of the Service or implement changes the Customer has ordered, the Customer is responsible for arranging access to its premises at times mutually acceptable to the Company or the Third Party Vendor. An impairment may only be evident at certain times (e.g., a certain hour of the day). In such cases, Customer must make Service available for testing during the same time periods the trouble condition is to be corrected.

2.5.19 The Customer must pay the Company for replacement or repair of damage to Company-Provided equipment or facilities if caused by:

- (A) the negligence or willful act of the Customer, End Users, or others; or
- (B) the improper use of Services; or
- (C) the use of equipment provided by Customers or End Users. After receipt of payment for the damages, the Company will cooperate with the Customer in its claim against any third party causing damage to Service.

SECTION 2 - RULES AND REGULATIONS

2.5 Obligations of the Customer (continued)

2.5.20 The Customer shall comply with the minimum protective criteria generally accepted in the telephone industry and other appropriate criteria as may be prescribed by the Company. The Customer shall ensure that:

- (A) its equipment and/or system is properly interfaced with the Company-Provided equipment and facilities; and
- (B) the signals emitted into the long distance network are the proper mode, Bandwidth, power, and signal level for the intended use of the Customer; and
- (C) the signals do not damage Company-Provided equipment and/or facilities, injure Company or Third Party Vendor personnel, or degrade Service to other Customers.

If the F.C.C. or another appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications Service, the Company will permit such equipment to be connected with the Channels without the use of protective interface devices.

SECTION 2 - RULES AND REGULATIONS

2.5 Obligations of the Customer (continued)

2.5.21 If the Customer fails to maintain its equipment and/or its system properly and this results in harm to:

- (A) Company-Provided equipment or facilities, or
- (B) Company's or Third Party Vendor's personnel, or
- (C) quality of Service to other Customers of the Company, or
- (D) quality of Service to subscribers of a Third Party Vendor providing a portion of Service,

the Company may, upon written notice, require the use of protective equipment by the Customer at the Customer's expense. If this fails to produce satisfactory quality and safety, the Company may terminate the Customer's Service without liability.

2.5.22 The Customer is responsible for reimbursing the Company for charges incurred for special construction and/or special facilities that were ordered by the Company on the Customer's behalf at the Customer's request.

2.5.23 Customer agrees to defend the Company against the claims as set forth in Section 2.5 of this Tariff and to pay all reasonable litigation costs, attorneys' fees, court costs, settlement payments, and any damages awarded or resulting from any such claims.

SECTION 2 - RULES AND REGULATIONS

2.5 Obligations of the Customer (continued)

- 2.5.24 The Customer agrees to operate any Company-Provided equipment in accordance with instructions of the Company or the Company's agent or designee. Failure to do so shall void any Company liability for interruption of Service and may make Customer responsible for damage to equipment.
- 2.5.25 Facilities utilized by the Company or a Third Party Vendor to provide Service under the provisions of this Tariff remain the property of the Company or Third Party Vendor. Customer agrees to return to the Company or authorized Third Party Vendor all Company-Provided equipment within five (5) days of termination of the Service in connection with which the equipment was used. Said equipment shall be in the same condition as when delivered to Customer, normal wear and tear excepted. Customer shall reimburse the Company, upon demand, for any costs incurred by the Company (e.g., the cost of the equipment) due to Customer's failure to comply with this provision.
- 2.5.26 The Customer shall be solely responsible, at its own expense, for the overall design of Service and for any redesigning or rearrangement of Service which may be required because of changes in facilities, operations or procedures of the Company, minimum protection criteria or operating or maintenance characteristics of the facilities.

Interexchange Service Tariff

SECTION 2 - RULES AND REGULATIONS

2.6 Obligations of a Reseller

- 2.6.1 The terms and conditions of this Tariff, including but not limited to the obligations contained in Section 2.5 and in Sections 2.6.2 through 2.6.6 hereof, apply to Customers that are Resellers. Failure to comply with any term, rule, or regulation of this Tariff may result in the Company immediately and irrevocably terminating Service(s) without incurring any liability. Notification of termination of Service(s) may be in writing or in another expeditious manner selected by the Company.
- 2.6.2 In the event of non-payment by a Reseller's subscriber, the Company may be requested by the Reseller to block such subscriber's service because of non-payment of charges. Before the Company blocks Service to a Reseller's subscriber, the Reseller must certify that proper notice has been given to the subscriber. Proper notice must meet Commission rules for Blocking Service due to non-payment. The Reseller is responsible for all costs incurred to disconnect or block the location from Service(s).
- 2.6.3 Resellers will be responsible for paying all taxes, surcharges, and fees based upon the taxing jurisdiction's rules and regulations.
- 2.6.4 In addition to the other provisions in this Tariff, Resellers will be responsible for all interaction and interface with their own subscribers or customers. The provision of Service will not create a partnership or joint venture between the Company and the Reseller nor result in a joint offering to third parties.

SECTION 2 - RULES AND REGULATIONS

2.6 Obligations of a Reseller (continued)

2.6.5 If the Customer resells Services, the Reseller is responsible for providing all billing, collection, and customer service functions for all of its locations, including resolving any unauthorized presubscription disputes.

2.6.6 In addition to the other provisions in this Tariff, Resellers must have the appropriate authority in all areas where the Reseller provides service and provide such documentation to the Company when requested.

SECTION 2 - RULES AND REGULATIONS

2.7 Obtaining Services

2.7.1 General

To obtain Service, the Company requires the Customer to provide the Company with whatever authorization the Company deems appropriate that complies with the rules of the Commission. For example, the Company may require the Customer to execute a subscription letter, Service Order, letter of agency, service agreement, contract etc. depending on the Service(s) selected by the Customer. Upon the Company's acceptance of this authorization, all applicable provisions in the Company's Tariff, as amended from time-to-time, become the agreement for Service between the Company and the Customer. The Company reserves the right, at any time, to require any Customer to present proof of identification to the Company as the Company may then deem acceptable. Acceptance or use of Service offered by the Company shall be deemed an application for such Service and an agreement by the Customer to subscribe to, use, and pay for such Service in accordance with this Tariff. The Applicant must also establish credit satisfactory to the Company as provided in Section 2.7.3 of this Tariff.

Issued: January 16, 2004

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 2 - RULES AND REGULATIONS

2.7 Obtaining Services (continued)

2.7.2 Application for Service

(A) Any Applicant for Service may be required to sign a subscription letter requesting the Company to furnish Service in accordance with rates, charges, and regulations as specified in this Tariff. The Customer must provide the following information when the Customer places an order for Service(s) so that the Company can design, install, maintain, and bill the Service ordered:

- .1 Customer's name and address for billing purposes;
- .2 contact name and telephone;
- .3 contact name, telephone number, and address at each of the premises where Service is to be installed;
- .4 type of Service;
- .5 requested service date;
- .6 length of term;
- .7 the category of and interface and signaling if required;
- .8 other information necessary for the Company to provide the Service to the Customer; and
- .9 a point of contact for inquiries, trouble reports, and security management involving the service configurations.

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 2 - RULES AND REGULATIONS

2.7 Obtaining Services (continued)

2.7.2 Application for Service (continued)

- (B) The Customer may be required to execute written Service Orders or other documents relating to the Service, but Customer shall be obligated under the terms of this Tariff even if such Service Orders or other documentation have not been executed.
- (C) In the event any provisions set forth in Service Orders conflict with the provisions set forth in this Tariff, the provisions set forth in this Tariff shall prevail.

2.7.3 Establishment of Credit; Indebtedness; Toll Restriction

(A) Applicant

The Company reserves the right to require all Applicants to establish credit worthiness to the reasonable satisfaction of the Company. Upon receipt of the signed subscription letter or other authorization the Company deems appropriate, the Applicant will be deemed to have authorized the Company to obtain such routine credit information and verification as the Company requires.

SECTION 2 - RULES AND REGULATIONS

2.7 Obtaining Services (continued)

2.7.3 Establishment of Credit; Indebtedness; Toll Restriction (continued)

(B) Customer

If the conditions of Service or the basis on which credit was originally established have materially changed, an existing Customer may be required to establish additional credit. The Company reserves the right to examine the credit record and check the references of any Customer at any time. The Company may establish credit limits for new and existing Customers. Where a credit limit is established for a Customer, the Customer will be notified of the Customer's initial credit limit amount and any subsequent credit limit changes.

Where a Customer becomes delinquent in payments, a new credit limit may be established that is lower than the Customer's initial credit limit. In the event a Customer's established credit limit is exceeded, or in the event a Customer becomes delinquent in the Customer's payments, the Company may implement its toll blocking process. Pursuant to that process, the Company may place a restriction on or discontinue Customer's use of intrastate long distance services, including calling card use, 1+, 0+, and all 900/976/700/500 calls until the Customer makes payment arrangements satisfactory to the Company. Access to local calling, operator assisted calls, emergency services (9-1-1), calls placed via a toll free number (800, 877, 888 or other area code assignments as appropriate) will not be affected.

In the event that toll access is restricted or blocked pursuant to the foregoing, Customers attempting to access restricted services will be automatically routed to either a recorded announcement or a service representative for information regarding restoration of service.

SECTION 2 - RULES AND REGULATIONS

2.7 Obtaining Services (continued)

2.7.3 Establishment of Credit; Indebtedness; Toll Restriction (continued)

(C) Indebtedness; Concurrent Indebtedness; Prior Indebtedness

The Company reserves the right to refuse Service to any Applicant who is indebted to the Company for Service(s) previously furnished until satisfactory payment arrangements have been made for all such indebtedness. The Company further reserves the right to refuse Service to any Applicant who is currently indebted to the Company for Service(s) on another Company account, until satisfactory payment arrangements have been made for all such indebtedness. Where a Customer subscribes to more than one active telephone account, and the Company suspends or terminates Service to one or more of the Customer's accounts for nonpayment, the Company may, at its option, initiate action for collection, including the action to suspend or terminate some or all of the other active Customer accounts, with notice as prescribed under Section 2.20 of this Tariff. The Company may also refuse Service to any Applicant attempting to establish Service for a former Customer who is indebted for previous Service(s), regardless of whether or not the previous Customer was furnished Service at the same location, until satisfactory payment arrangements have been made for payment of all such prior indebtedness. If Service is established and it is subsequently determined that any of the foregoing conditions of indebtedness exists, the Company may suspend or terminate such Service until satisfactory arrangements have been made for the payment of the prior indebtedness.

SECTION 2 - RULES AND REGULATIONS

2.7 Obtaining Services (continued)

2.7.2 Establishment of Credit; Indebtedness; Toll Restriction (continued)

(C) Indebtedness; Concurrent Indebtedness; Prior Indebtedness

The Company reserves the right to discontinue granting any further credit to Customer in the event of Customer's repeated delinquency in payment for Services, fraudulent use, suspension or disconnection of Service, the Customer files for protection under the United States Bankruptcy Code, or any other material breach, where not prohibited by federal law, rule or regulation. In such event, the Company may, at its sole discretion, require the Customer to prepay for all future Services as thereafter directed by the Company.

SECTION 2 - RULES AND REGULATIONS

2.8 Customer Deposits / Advance Payments

2.8.1 Customer Deposits

(A) General

Any Applicant whose credit is not acceptable to the Company as provided in Section 2.7.3 of this Tariff may be required to make a deposit to be held by the Company as a guarantee of payment for Service provided under this Tariff. In addition, an existing Customer may be required to make a deposit or to increase a deposit presently held by the Company if the conditions of Service or the basis on which credit was originally established have materially changed.

(B) Amount of Deposit

The amount of any deposit will not exceed the estimated charges for three months' Service. The Company will determine the amount of the deposit.

(C) Interest on Deposits

The Company will not pay interest on deposits.

SECTION 2 - RULES AND REGULATIONS

2.8 Customer Deposits / Advance Payments (continued)

2.8.1 Customer Deposits (continued)

(D) Return of Deposit

A deposit will be returned:

- When an application for Service has been canceled prior to the establishment of Service; or
- At the end of one year of satisfactory payments for Service; or
- Upon discontinuance of Service.

Notwithstanding the foregoing, prior to the return, deposits will be applied to any outstanding charges to the Customer for Service, and only the excess, if any, will be returned.

SECTION 2 - RULES AND REGULATIONS

2.8 Customer Deposits / Advance Payments (continued)

2.8.2 Advance Payments

Customers and Applicants who, in the Company's judgment, present an undue risk of non-payment may be required at any time to provide the Company such other assurances of, or security for, the payment of the Company's charges for its Services as the Company may deem necessary, including, without limitation, advance payments for Service, third party guarantees of payment, pledges or other grants of security interests in the Customers' assets, and similar arrangements. The Company reserves the right to require an advanced payment from Customers and Applicants who, in the Company's judgment, present an undue risk of nonpayment. Such advanced payment may be required instead of or in addition to a security deposit. The Company shall be authorized to apply such advanced payments against any Service charges incurred by the Customer. The advanced payment shall be equal to or less than estimated installation charges plus two months estimated billing. Advance payment requirements may be increased or decreased by the Company as it deems necessary in the light of changing conditions. The Company may alternatively require such Customers and Applicants to authorize Credit Card billing for advance payments as described in Section 2.9 of this Tariff. In determining whether a Customer presents an undue risk of nonpayment, the Company shall consider the following factors:

- (A) the Customer's or Applicant's payment history (if any) with the Company and its affiliates;
- (B) Customer's ability to demonstrate adequate ability to pay for the Service;
- (C) credit and related information provided by Customer, lawfully obtained from third parties or publicly available;
- (D) information relating to Customer's management, owners, and affiliates (if any); and
- (E) the Applicant's or Customer's actual Data Services charges. The Company does not pay interest on advance payments.

SECTION 2 - RULES AND REGULATIONS

2.9 Rendering Bill

2.9.1 General

- (A) The Company uses cycle billing. The billing period is one (1) month. Except for fraud, charges may be assessed for unbilled Data Services charges up to two (2) years in arrears.
- (B) The Company utilizes direct billing by the Company or an authorized billing agent. The availability of the billing option is controlled by the Company not the Customer.
- (C) If a Customer presents an undue risk of nonpayment at any time, the Company may require the Customer to pay its bills in cash or the equivalent of cash. In the event the Company incurs fees or expenses, including attorney's fees, in collecting, or attempting to collect, any charges owed the Company, the Customer will be liable to the Company for the payment of all such fees and expenses reasonably incurred.
- (D) In instances where the Company orders Dedicated Access as an agent for the Customer, the Company will become the customer-of-record with the Local Access Provider. The Company will bill the Customer on a pass-through basis.

SECTION 2 - RULES AND REGULATIONS

2.9 Rendering Bill (continued)

2.9.1 General (continued)

- (E) Credit Card billing and automatic withdrawal from the Customer's checking or savings account may be available. However, if a Customer presents an undue risk of nonpayment at any time, the Company may require the Customer to pay its bill in cash or the equivalent of cash. With Credit Card billing, charges for Services provided by the Company are billed on the Customer's designated and approved Credit Card. Should the Customer cancel or change their designated Credit Card for billing, the Customer shall promptly inform the Company and designate new information for billing. Charges for Service are billed monthly in accordance with terms and conditions between the Customer and the Customer's designated Credit Card company. Call detail will not be included in the Credit Card bill; call detail will be provided by the Company in a separate mailing.
- (F) Monthly recurring charges for Service components are billed in advance of Service and reflect the rates in effect as of the date of the invoice (e.g., bills generated in January will cover the month of February). A Customer's first invoice may contain charges from previous periods for Service provided from the date of installation through the current invoice period. An Applicant for Service may be required to pay in advance of the establishment of Service the applicable nonrecurring charges together with the fixed charges applicable for the first month. For Data Services, billing for MRCs will commence on Customer's due date.

SECTION 2 - RULES AND REGULATIONS

2.9 Rendering Bill (continued)

2.9.1 General (continued)

- (G) For the purpose of computing partial-month charges, a month is considered to consist of thirty days. If the Company has ordered Dedicated Access as an agent of the Customer, the Company will not cease billing the Special Access Surcharge until the Company receives the Exemption Certificate (as defined herein) from the Customer and the Local Access Provider acknowledges receipt of the Customer's Exemption Certificate.
- (H) Any Applicant for Service that was furnished Service under a former contract with the Company shall pay or make satisfactory arrangements for paying any bill outstanding and unpaid for such Service, before any additional Service will be furnished.
- (I) In the event that the Company's ability to commence or to continue to provide Service in a timely manner is delayed or interrupted because of the non-performance by the Customer of any obligation set forth in this Tariff, the Customer shall pay to the Company amounts equal to the monthly recurring charges which would have been paid had the Company been able to commence or to continue to provide Service.

SECTION 2 - RULES AND REGULATIONS

2.9 Rendering Bill (continued)

2.9.2 Direct Billing By Company And/Or Authorized Billing Agent

Bills are sent to the Customer's current billing address no later than thirty (30) days following the close of billing. Payment in full is due by the due date disclosed on the bill. Charges are payable only in United States currency. Payment may be made by check, money order, or cashier's check made payable as named on the bill and sent to the address as listed on the bill. If the bill is not paid within thirty (30) days from the invoice date, the Company may impose a late charge on the delinquent amount. A late charge applies to any past due balance. The Company may charge a late charge of \$5.00 or 1.5% per month, whichever is greater. The one-time penalty shall apply on the undisputed amount or on the disputed amount if a dispute is resolved in the favor of the Company.

2.9.3 Automatic Withdrawal From Checking or Savings Account

If the Customer utilizes automatic withdrawal, the charges for Services provided by the Company are automatically debited to the Customer's designated checking account or savings account. Data Services billing detail will be provided by the Company in a separate mailing.

SECTION 2 - RULES AND REGULATIONS

2.9 Rendering Bill (continued)

2.9.4 Grace Period

For Data Services, billing for all MRCs will commence on Customer's due date. However, if a Customer is unable or not ready to accept Service within twenty-five (25) calendar days after the original Service due date, the Customer may cancel the Service Order and pay a Service Order Cancellation Charge. If the Customer does not cancel the Service Order or arrange for Service installation, the Company will commence billing on the original Service due date. If Service is cancelled by the Customer after billing commences but before Service installation, the Customer is liable for the TLC pursuant to Section 2.26.2 of this Tariff.

SECTION 2 - RULES AND REGULATIONS

2.10 Disputed Charges

2.10.1 The Company will not be required to consider any Customer claim for damages or statutory penalties, or adjustments, refunds, credits or cancellation of charges, unless the Customer has notified the Company, in writing, of any dispute concerning charges, or the basis of any claim for damages, within sixty (60) calendar days after an invoice is rendered or a debit is effected by the Company for the call giving rise to such dispute or claim.

2.10.2 Any such notice must set forth sufficient facts to provide the Company with a reasonable basis upon which to evaluate the Customer's claim or demand. Such notice must be sent to the Company's Customer Care Department as per Section 2.11 of this Tariff. If the Customer is not satisfied with the Company's resolution of a billing inquiry, the Customer may make application to the Commission for review and disposition of the matter.

2.10.3 Failure of the Customer to participate in the Company's effort to resolve a dispute or claim will constitute a waiver of the Customer's rights to a continuance of Service.

SECTION 2 - RULES AND REGULATIONS

2.12 Service Installation

- 2.12.1 The Company will provide Service in accordance with the Customer's requested Service due date, subject to the constraints established by the Company's schedule of standard intervals for installation of Service. The Company shall make available to all Customers, upon request, a schedule of applicable standard intervals. The schedule shall specify the standard number of days required to provision a specific Service and the quantities of Service that can be provided by a requested date. The Company will not accept orders for Service with requested due dates which exceed the applicable standard interval due date by more than six (6) months.
- 2.12.2 If the Customer requests that installation be performed at hours of the day or days of the week other than normal work hours or days (8:00 am to but not including 5:00 pm Monday through Friday excluding holidays) or interrupts work once begun, additional labor charges apply as shown in Section 7.2 of this Tariff.
- 2.12.3 If the Company misses a Service due date by more than thirty-five (35) days and such delay is not requested or caused by the Customer (excluding those circumstances where the date is missed due to acts of God, governmental requirements, work stoppages and civil commotions), the Customer may cancel the Service Order without incurring cancellation charges.

SECTION 2 - RULES AND REGULATIONS

2.14 Technical Standards

- 2.14.1 The technical standards described in this Tariff set forth objectives for the Company to follow. In no circumstance shall these technical standards be construed as creating any warranty on the part of the Company, with the exception of those warranties expressly set forth in this Tariff.
- 2.14.2 Repair efforts will be undertaken upon notification of trouble by network surveillance and performance systems or by notification of trouble and release of all or part of the Service by the Customer for testing.
- 2.14.3 The Company calculates network availability on Customer action requests. The Customer must notify the Company's Customer Care Department or other location designated by the Company and initiate an action to request to determine if the Service variables were met.
- 2.14.4 Notwithstanding the foregoing, at the Company's option, the Company may provide a comparable transmission alternative, e.g. satellite transmission. Such alternative transmission shall comply with the respective standards commonly used in the industry for such service.

ADMINISTRATIVELY
APPROVED FOR FILING

SECTION 2 - RULES AND REGULATIONS

2.16 Application of Rates and Charges

2.16.1 Application of Base Rate Charges

Rates and charges specified for Services offered under this Tariff are maximums. Any change to a rate or charge at or below the maximum level shall not be construed as an application to increase rates. The rates and charges applicable at any given time are covered in a price list furnished to the Commission by the Company. For rules and regulations regarding the application of charges for Private Line Service, see Section 3.5 of this Tariff. For rules and regulations regarding the application of charges for Frame Relay Service, see Section 5.2.4 of this Tariff.

2.16.2 Application of Ancillary/Administrative Charges

(A) Installation Charge

- .1 A non-recurring installation charge applies to each new Service provided by the Company. Installation charges may also apply to existing Service(s) moved to a new location at the Customer's request and changes in Service when re-engineering is required. The charges specified in this Tariff do not contemplate installation, maintenance or repair work being performed at a time when overtime wages apply as a result of the Customer, Authorized User or Joint User requests, nor do they contemplate work once begun being interrupted by the Customer, Authorized User or Joint User. Installation charges vary by type of Service.

SECTION 2 - RULES AND REGULATIONS

2.16 Application of Rates and Charges (continued)

2.16.2 Application of Ancillary/Administrative Charges (continued)

(B) Service Order Change Charge

- .1 A change order is a request by the Customer to add, change or rearrange a portion of Service. Unless otherwise indicated in this Tariff, the Service Order Change Charge applies when a Customer requests an add, change, or rearrangement of Service before installation, and the request requires engineering redesign. Without charge, the Customer may make any change in the information contained in a Service Order for up to and including three (3) business days following the Customer Commitment Date. However, if the Customer notifies the Company more than three (3) days following the Customer Commitment Date and requests to change information on the Service Order that requires the redesign of the Service, the Customer will be billed a Service Order Change Charge.
- .2 Administrative changes such as change of name, billing address or telephone number are considered a record change rather than a change order. A Service Order Change Charge does not apply for record changes.

ADMINISTRATIVELY
APPROVED FOR FILING

Issued: January 16, 2004

Interexchange Service Tariff

SECTION 2 - RULES AND REGULATIONS

2.16 Application of Rates and Charges (continued)

2.16.2 Application of Ancillary/Administrative Charges (continued)

(B) Service Order Change Charge (continued)

- .3 If the only change the Customer requests to a Service Order is to change the requested Service due date to a date sooner than the standard interval due date for that type of Service offering, an Order Expedite Charge as described in Section 7.3 of this Tariff applies in lieu of the Service Order Change Charge.

.4 Change In Service Before Installation and Acceptance By Customer

If the Customer requests a change in Service to upgrade the Bandwidth to a higher Bandwidth, the request is processed as a change order.

- .a If the Customer requests a change to upgrade the Bandwidth of a Data Service to a higher Bandwidth and the length of the term plan is at least equal to the length of the original term plan agreement, the Service Order Change Charge does not apply. The Customer is responsible to the Company for all costs incurred on behalf of the Customer, including costs incurred as an agent for the customer, for the original Bandwidth ordered. The installation charges for the higher Bandwidth apply.

2.16 Application of Rates and Charges (continued)

2.16.2 Application of Ancillary/Administrative Charges (continued)

(C) Service Order Cancellation Charge

- .1 Without charge, the Customer may cancel a Service Order for up to and including three (3) business days following the Customer Commitment Date. If the Customer cancels Service more than three (3) business days after the Customer Commitment Date but before monthly recurring charges begin, a Service Order Cancellation Charge applies. The Service Order Cancellation Charge is per Service.
- .2 When a Customer cancels an application for Service prior to the start of Service or prior to any special construction, no charges will be imposed except as follows: the Company has notified a Customer or a prospective Customer of the possibility that special expenses may be incurred in connection with provisioning the Customer's Service, and the Company incurs such expenses. Expenses could include special construction or where special arrangements of facilities or equipment have begun before the Company received a cancellation notice. The charge will be equal to the costs actually incurred, less net salvage.

SECTION 2 - RULES AND REGULATIONS

2.16 Application of Rates and Charges (continued)

2.16.2 Application of Ancillary/Administrative Charges (continued)

(D) FRS Configuration Change Charge

If the Customer requests to change the physical location of at least one end of a Circuit, the Configuration Change Charge applies.

(E) FRS Port Order Change Charge

If a Customer requests to increase or decrease the UNI or Access Gateway/NNI Port speed, the FRS Port Order Change Charge applies.

(F) PVC Change Order Charge

If a Customer requests to increase or decrease the PVC speed, the PVC Change Order Charge applies.

SECTION 2 - RULES AND REGULATIONS

2.16 Application of Rates and Charges (continued)

2.16.3 Application of Additional Labor Charges

Additional labor charges will apply when the Customer requests the following:

- (A) installation or Circuit changes during non-business hours or under unusual circumstances; or
- (B) a Company-designated technician at the Customer's Premises or trouble that results from problems in the Customer's equipment; or
- (C) the provision of engineering design or other activities which are not normally provided as part of the design and installation of Service; or
- (D) expedited Service Orders.

The Customer will be billed for non-standard installation, maintenance, and engineering provided by Company or Company-designated personnel at the rates shown in Section 7.2 of this Tariff. The Customer will be billed for a minimum of one (1) hour for each occurrence. For all time in excess of the one (1) hour minimum, the Customer will be billed in increments of fifteen (15) minutes. Any fraction of a fifteen (15) minute period will be rounded to next fifteen (15) minute increment.

SECTION 2 - RULES AND REGULATIONS

2.16 Application of Rates and Charges (continued)

2.16.4 Application of Local Access Charges

- (A) If requested by the Customer, the Company will act as the Customer's agent for obtaining the required Local Access. Third party Local Access facilities are offered at a pass through rate equal to the price at which those services are provided to Company by the Local Access Provider. The rates and charges of the Local Access Provider apply for all Local Access facilities used in conjunction with the Company's Service(s).
- (B) The Company will act as the Customer's agent for payment of Local Access charges to the Local Access Provider.

SECTION 2 - RULES AND REGULATIONS

2.17 Taxes, Surcharges, and Fees

2.17.1 General

- (A) Customer will be responsible for the payment for all Services provided by the Company and for the payment of all excise, sales, use, gross receipts, or other taxes and surcharges. Federal excise tax, and state and local sales, use, and similar taxes and surcharges shall be billed separately from charges for Services. The Company may also impose surcharges on Customer to recover amounts it is required by governmental or quasi-governmental authorities to collect from, or to pay to, others in support of statutory or regulatory programs (e.g. universal service funds). The Company will not provide advance notice of changes to taxes and surcharges, except as required by law.

SECTION 2 - RULES AND REGULATIONS

2.17 Taxes, Surcharges, and Fees (continued)

2.17.1 General (continued)

- (B) Pending the conclusion of any litigation challenging a jurisdiction's or body's right to impose any assessments, duties, fees, surcharges, taxes, or similar liabilities, the Company may elect to waive or impose and collect a charge covering such assessments, duties, fees, surcharges, taxes, or similar liabilities, unless otherwise constrained by court order or direction. All such charges will be shown as a separate line item on the Customer's bill. If the Company has collected any assessments, duties, fees, surcharges, taxes, or similar liabilities and any of the challenged assessments, duties, fees, surcharges, taxes, or similar liabilities are found to have been invalid and not enforceable, the Company will credit or refund such sums to each affected Customer if (1) the Company has retained such funds or (2) the Company has remitted such funds to the collecting jurisdiction or body and the funds have been returned to the Company.

SECTION 2 - RULES AND REGULATIONS

2.17 Taxes, Surcharges, and Fees (continued)

2.17.2 Tax Exemption Certificate

- (A) In order to be granted tax exempt status, a Customer claiming tax exempt status must provide the Company with copies of all tax exemption certificates and documents required by the Company at the time Service is ordered. New Customers are required to provide the requested documentation at the time Service is ordered.
- (B) Failure to provide the required documentation at the time Service is ordered will result in all taxes as noted herein being levied by the Company on the Customer's Service, and the Customer will be responsible for the payment of all such charges.
 - .1 At the Company's option, the Company may accord the Customer tax exempt status upon receipt of the required documentation after Service is ordered. However, the Customer will be billed for all applicable taxes and will be responsible for the payment of same until such time as the Company has ceased billing the applicable taxes.
 - .2 The Company is not liable for refunding the amount of the taxes paid by the Customer. The Customer is responsible for seeking refunds for such taxes from the appropriate taxing authority.
- (C) Failure to pay the appropriate taxes prior to tax exempt status being accorded by the Company will result in termination of Service.

SECTION 2 - RULES AND REGULATIONS

2.18 Credits For Service Outages

2.18.1 No credits or refunds for interruptions of Service shall be made for:

- (A) interruptions caused by the negligence (including the provision of inaccurate information) or willful misconduct of the Customer, its Authorized Users or its End User;
- (B) interruptions during any period which the Company or its agents are not afforded access to any Customer Premise where Service is originated or terminated;
- (C) interruptions during any period when the Customer has released the Service to the Company for maintenance or rearrangement purposes, or for the implementation of a Customer's Service Order;
- (D) interruptions during periods when the Customer elects not to release the Service for testing or repair and continues to use the Service on an impaired basis;
- (E) interruptions not reported to the Company;
- (F) interruptions occurring prior to the start of Service;
- (G) interruptions caused by outages or failure of Local Access provided by a Local Access Provider for Frame Relay Service;

SECTION 2 - RULES AND REGULATIONS

2.18 Credits For Service Outages (continued)

2.18.1 (continued)

- (H) failure of power, facilities, equipment, systems or connections not provided by the Company or a Company-designated Third Party Vendor;
- (I) a result of scheduled maintenance or testing or troubleshooting; or
- (J) any cause beyond the Company's control.

2.18.2 Credit allowances for interruption of Data Service(s) shall be made upon Customer request. Following the start of Service date, if the Customer reports an interruption in Service to the Company's Customer Care Department or other location designated by the Company, the Customer shall receive credit(s) applicable to the Service directly affected. An interruption ends when the Service is restored. Interruptions shall be accumulated to the nearest half-hour period. Each interruption is considered separately for the purpose of establishing the credit allowance. A credit for Service Outages is Customer's sole and exclusive remedy for any interruption in Service. The credit for a billing period shall not exceed the monthly rate for the affected rate element.

SECTION 2 - RULES AND REGULATIONS

2.18 Credits For Service Outages (continued)

- 2.18.3 Notice of interruption should be reported by the Customer to the Company's Customer Care Department or other location designated by the Company. An interruption ends when the Service is restored. If the Customer reports the Service to be inoperative but declines to release it for testing and repair, the Service shall be deemed to be impaired, but not subject to an interruption nor corresponding credit as provided in Section 2.18.2 of this Tariff. For specific detail regarding out-of-service credits for Private Line Service, see Sections 3.2 of this Tariff. For specific details regarding out-of-service credits for Specialized Communications Services, see Section 5.6 of this Tariff.
- 2.18.4 If the Customer elects to use another means of transmission during the period of interruption, the Customer is solely responsible for payment of the charges and for the alternate transmission service used.
- 2.18.5 The credit provided in Section 2.18.2 of this Tariff is the Customer's sole and exclusive remedy for any interruption in Service.
- 2.18.6 The Services provided under this Tariff shall be available to the Company at times mutually agreed upon in order to permit the Company to make tests and adjustments appropriate for maintaining the Services in satisfactory operating condition. Tests and adjustment shall be completed within a reasonable time. No credit will be allowed for any interruptions involved during such tests and adjustments.

SECTION 2 - RULES AND REGULATIONS

2.19 Cancellation of Service By Customer

2.19.1 Cancellation of an Existing Service

- (A) Following the start of service date, the Customer must provide the Company thirty-five (35) days advance written notice to cancel Service. If the requested disconnect date is less than thirty-five (35) days from the date the Company receives the Customer's request to cancel Service, the Company will attempt to disconnect the Service on the date requested by the Customer. However if required, the Company may take up to thirty-five (35) days to complete the disconnect. If Service is disconnected prior to the 35th day following receipt of the Customer's request to cancel Service, the cancellation date of the Service, for billing purposes, will be the 35th day from the receipt of the written cancellation notice. In addition to the TLC described in Section 2.26.2 of this Tariff, the Customer will be responsible for all monthly recurring charges for thirty-five (35) days from the date written notification is received by the Company from the Customer.
- (B) If the Company's failure of performance is thirty-five (35) days or less, Service shall not be subject to cancellation by the Customer. Rather, an appropriate percentage of charges for the directly affected Service shall be abated for such Service interruption. If the Company's failure of performance is for more than thirty-five (35) days, then the directly affected Service may be canceled by either the Company or the Customer without liability other than the Customer's liability for payment for said Service provided prior to cancellation.

SECTION 2 - RULES AND REGULATIONS

2.19 Cancellation of Service By Customer (continued)

2.19.2 Customer Cancels An Order For Special Facilities or Dedicated Access
Arrangements Before Service Begins

If a Customer (1) orders Service requiring special facilities dedicated to the Customer's use or requests that the Company order Dedicated Access arrangements as an agent of the Customer and (2) subsequently cancels its order before Service begins, before completion of the minimum Service period or before completion of some other period mutually agreed upon by the Customer and the Company, the Customer is responsible for all costs incurred expressly on behalf of the Customer by the Company including those costs the Company incurred as an agent of the Customer. If special construction has either begun or has been completed, but Service has not been provided at the time the Customer cancels Service, the Customer is responsible for all construction costs incurred by the Company on the Customer's behalf.

If the Customer cancels a Service Order prior to Service installation and Customer acceptance of Service, a Service order Cancellation charge may apply. See Section 2.16.2 (C) of this Tariff.

SECTION 2 - RULES AND REGULATIONS

2.20 Termination of Service By Company

2.20.1 The Company may terminate Service to the Customer upon five (5) days' verbal or written notice to the Customer for any condition listed in Section 2.2.6 of this Tariff. If the Company delivers the notice to the Customer's Premises, it will be left in a conspicuous place. When notice is mailed, the notice will be addressed to the Customer's last known billing address and mailed first class or express overnight delivery. The selection of the method of delivery of the notice is made by the Company.

2.20.2 The termination of Service(s) by the Company pursuant to this section does not relieve the Customer of any obligations to pay the Company for charges due and owing for Service(s) furnished up to the time of termination. The remedies set forth herein will not be exclusive and the Company will at all times be entitled to all rights available to it under either law or equity.

SECTION 2 - RULES AND REGULATIONS

2.21 Restoration of Services

The use and restoration of Services in emergencies will be in accordance with the priority system specified in Part 64, Subpart D of the rules and regulations of the Federal Communications Commission.

2.22 Terminal Equipment

Services may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems such as a CSU/DSU, router, or other network termination equipment. Such terminal equipment shall be furnished and maintained at the expense of the Customer. The Customer is responsible for all costs at the Customer's Premises, including personnel, wiring, electrical power, and the like, incurred in the use of the Service. When such terminal equipment is used, the equipment shall comply with applicable rules and regulations of the Federal Communications Commission, including but not limited to, Part 68. In addition, equipment must comply with generally accepted minimum protective criteria standards and engineering requirements of the telecommunications industry which are not barred by the Federal Communications Commission.

2.23 Company-Provided Equipment

The Company or Third Party Vendor may substitute, change or rearrange any equipment or facility at any time but shall endeavor to maintain the technical parameters of the Service provided the Customer. In the event that technical parameters change as a result of the Company's actions, the Company will provide the Customer with twenty-five (25) days notice prior to such change.

2.24 Systems Security

2.24.1 If Customer is permitted access to the Company's computer systems and data (hereinafter "Systems") for the purposes of managing and maintaining Customer's telecommunications system, Customer agrees:

- (A) To access Company's Systems only to the extent required by and incident to the administration and management of the Customer's telecommunications system.
- (B) Customers may not disclose or use information learned as a consequence of access to the Company's Systems except as may be directly required to insure the proper operation of the Customer's telecommunications system. Customers must take all reasonable precautions to prevent any other person or entity not having a need to know from acquiring such information.
- (C) Customers shall not in any manner or form disclose, provide, or otherwise make available, in whole or in part, these Systems, any related material or any other confidential material except to those who have a need to know incident to the operation of the Customer's telecommunications system. These Systems remain the property of the Company and may not be copied, reproduced or otherwise disseminated without the prior written permission of the Company.

SECTION 2 - RULES AND REGULATIONS

2.26 Term Plan Agreements

2.26.1 General

For Data Service, the Company provides term plans or service commitment periods. The term plan allows the Customer to order Service at rates commensurate with the length of the term. If rates increase during the term, the rates of the term plan agreement will not be affected during the term of the agreement. If rates decrease during the term, the new rate, if it is lower, would automatically apply to the remainder of the fixed term.

2.26.2 Cancellation of Term Plan Agreement

When the Customer cancels a term plan agreement for Service after installation of Service, the Company will cancel the Customer's Service within thirty-five (35) days of the date the Company receives the Customer's written request to cancel Service. If the Customer cancels Service after installation of Service but before the expiration date of the term plan agreement, a TLC applies. The TLC will be calculated as follows:

- For Private Line Services:
- 100% of any waived non-recurring charges, credits, and rebates plus
- 50% of the remaining revenue stream for Private Line Service whose term plan is being cancelled prior to the expiration date of the term plan agreement.
- For all other Data Services:
- 100% of any waived non-recurring charges, credits, and rebates plus
- 50% of the remaining revenue stream for the Data Services whose term plan is being cancelled prior to the expiration date of the term plan agreement.

SECTION 2 - RULES AND REGULATIONS

2.26 Term Plan Agreements (continued)

2.26.3 Change in Term Plan Agreement

- (A) Change of Service involving a change in term plan agreement may result in a TLC.
- (B) A Customer will not be charged for discontinuing Service under a term plan agreement if the Customer selects and commits to a new term plan for the same Circuit with a longer term. The change in rates will be effective at the start of the next billing cycle following the Company's completion of the processing of the Customer's request.
- (C) The Customer may upgrade Service, either Bandwidth or term, when conditions are met, at the same premises without incurring TLCs provided that a term rate plan is of equivalent or longer period and the Bandwidth is of equivalent or greater Bandwidth.
- (D) If the Customer discontinues Service under a term plan agreement and if the Customer selects and commits to a new term plan agreement with a shorter term for the same Circuit, the Customer must pay the TLC. For Private Line Service, the TLC is equal to the difference in the number of months remaining in the old term plan agreement minus the number of months commitment in the new term plan agreement times 50% of the revenue stream for the Private Service whose term plan is being changed. For all other Data Services, the TLC is equal to the difference in the number of months remaining in the old term plan agreement minus the number of months commitment in the new term plan agreement times 50% of the revenue stream for the Private Service whose term plan is being changed. The change in rates will be effective at the start of the next billing cycle following the completion of the processing of the Customer's request.

SECTION 2 - RULES AND REGULATIONS

2.26 Term Plan Agreements (continued)

2.26.4 Expiration of a Term Plan Agreement

If the Company wishes to cancel a term plan agreement, the Company will provide the Customer sixty (60) days written notice prior to the expiration date of the term plan agreement of the Company's intent to cancel Service upon the expiration date of the term plan agreement.

At the end of the term plan agreement, the Customer may order a new term plan, terminate Service, or if no choice is made, continue Service on the current rate for a grace period not to exceed six months.

- If prior to the expiration date of a Customer's term plan agreement the Customer fails to give the Company thirty-five (35) days written notice of the Customer's intent to cancel Service on the expiration date of the term plan agreement, the term plan agreement will be automatically extended for up to six months beyond the expiration date of the original term plan agreement.
- If at the end of the six months grace period, the Customer does not notify the Company of its intent to cancel Service or if the Customer does not sign a new term plan agreement, Service will continue on a month-to-month basis. The Customer's rate plan will be changed to the rate plan with the highest monthly recurring charges for the Service, subject to any future rate change. The rate increase will be effective after the expiration of the grace period.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.1 Technical Standards for Private Line Services

3.1.1 General

Private Line Service is offered at speeds as described in Section 3 of this Tariff. The following technical standards for Private Line Services set forth objectives for the Company to follow. These technical standards do not create any warranties on the part of the Company unless expressly set forth in this Tariff. The technical standard represents the interface specification and performance parameters.

3.1.2 Interconnection Specifications

(A) DS1 Service

DS1 Service is provided in accordance with ANSI Standard T1.102 (formerly AT&T Compatibility Bulletin 119); T1.107 Digital Hierarchy-Formats Specifications; T1.403, DS1 Metallic Interface; and TR-NWT-000499, Transport Systems Generic Requirements: Common Requirements, Issue 4, Bellcore.

Interexchange Service Tariff

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.1 Technical Standards for Private Line Services (continued)

3.1.2 Interconnection Specifications (continued)

(B) DS3 Service

DS3 Service is provided in accordance with ANSI Standard T1.102 (formerly AT&T Compatibility Bulletin 119); T1.107 Digital Hierarchy-Formats Specifications; T1.404, DS3 Metallic Interface; and TR-NWT-000499, Transport Systems Generic Requirements: Common Requirements, Issue 4, Bellcore.

(C) OC3 Service

OC3/OC3c Service is provided in accordance with ANSI Standard T1.105 Telecommunications Digital Hierarchy Optical Interface Rates and Formats Specifications; TR-NWT-000499, Transport Systems Generic Requirements: Common Requirements, Issue 4, Bellcore; and GR-253-CORE, Synchronous Optical Network (SONET) Transport Systems; Common Generic Criteria, Issue 1, Bellcore.

OC3 Service is configured with three (3) separate STS-1 signaling paths, while OC3c Service is configured as one (1) STS-3c signaling path. (An STS-3c contains three concatenated STS-1 signaling paths, which results in a clear channel payload of approximately 155 Mbps.)

Interexchange Service Tariff

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.1 Technical Standards for Private Line Services (continued)

3.1.3 Baseline Technical Performance Objectives

(A) General

Objectives for DS1, DS3, OC3, and OC12 Service apply to the end-to-end Private Line Service where the Company acts as the agent for the provision of Local Access and exclude non-performance due to the circumstances listed in Section 2.18.1 of this Tariff or planned interruption for necessary maintenance purposes. When a Customer orders its own Local Access, then the objectives in this Tariff apply only to the Company-Provided components of the Circuit. Interexchange Service standards apply on a one-way basis between the originating and terminating Company-designated POP. The actual end to end (CPNIP to CPNIP) service availability and performance of the DS1, DS3, OC3, and OC12 will be combined function of the Local Access service and interexchange Service specifications. The actual end to end (CPNIP to CPNIP) service availability and performance of the DS1, DS3, OC3, and OC12 is a function of both services specified and may be affected by the type and quality of Customer-provided equipment, the application of service, and exogenous factors.

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.1 Technical Standards for Private Line Services (continued)

3.1.3 Baseline Technical Performance Objectives (continued)

(A) General (continued)

A Service is interrupted (and may be eligible for claim) when it becomes unusable to the Customer due to lack of continuity. A Service interruption may be eligible for an out-of-service credit if the failure is (1) in the Company-Provided facilities or (2) in Local Access facilities where the Company acts as the Customer's agent for the provision of Local Access, and the reason for the failure is determined to have been caused by the Company or Third Party Vendor providing the facilities or access.

An interruption period starts when inoperative service is reported to the Company and is released for testing and repair. An interruption period ends when Service is operative and released to the Customer. Out-of-service credit allowance is available to the Customer for interrupted service.

Interexchange Service Tariff

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.1 Technical Standards for Private Line Services (continued)

3.1.3 Baseline Technical Performance Objectives (continued)

(B) Availability

Availability or network availability is the measurement of the percent (%) of total time the Service is operative when measured over a monthly period.

The performance objective for all Private Line Services is 99.999% at the network layer. The Service is considered non-available when the Customer reports the Service interruption to the Company and releases the circuit for testing. Network availability is not eligible for out-of-service credits but instead will be issued on a per incident basis per Section 3.2.4. of this Tariff.

(C) % Error Free Seconds, While Available

% EFS is measured at a point in time after the Customer has reported an issue to the Company. % EFS will be measured over a 24 hour time period agreed to by the Customer and Company. The performance objective for all Private Line Services is 99.9% % EFS is not eligible for out-of-service credits. If the testing results in the % EFS not meeting the stated objective and this condition is impacting Customer applications, the Customer has the option of releasing the circuit to the Company for testing.

Interexchange Service Tariff

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.1 Technical Standards for Private Line Services (continued)

3.1.3 Baseline Technical Performance Objectives (continued)

(D) MTTR

MTTR is measured in terms of hours or time from the time the Service was released for test and repair to operability within accepted thresholds.

MTTR is the average time to restore Service. A Circuit will be accepted if all test results meet or are within the acceptance limits. The failed test will be repeated.

The MTTR parameter is an outage measurement cumulative on a monthly basis. The MTTR objective is four (4) hours. MTTR is not eligible for out-of-service credits but instead will be issued on a per incident basis per Section 3.2.4. of this Tariff.

ADMINISTRATIVELY
APPROVED FOR FILING

Issued: January 16, 2004

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.2 Out-of-Service Credits

3.2.1 General

- (A) Following the start of service date, if a Customer reports interruption of Service, the Customer may initiate a claim for an out-of-service credit.
- (B) Unless the Customer has cancelled Service, the credit will be accomplished by a credit on a subsequent bill for Service. The service level credits will appear on the Customer's bill no later than the two (2) billing cycles following the restoral of the interruption of Service. If the Customer has cancelled Service, the credit will be applied to the last invoice. Any excess over the amount due will be refunded to the Customer.
- (C) In any given billing month, the total amount of out-of-service credits cannot exceed 100% of the applicable monthly recurring charge(s) per affected Service.
- (D) For Private Line Service, the Company does not provide echo suppression. Voice transmission quality parameters are not necessarily coincident with data performance standards.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.2 Out-of-Service Credits (continued)

3.2.2 Interruption of Service

- (A) An out-of-service credit allowance is available to a Customer for interrupted Service. Service is interrupted (and may be eligible for claim) when it becomes unusable to the Customer because of a failure in Company-Provided facilities, a failure in Local Access facilities where the Company acts as the Customer's agent for provisioning the Local Access, or if the protective controls applied by the Company result in the complete loss of Service by the Customer.

An interruption period starts when inoperative Service is reported to the Company, and the Service is released to the Company or Company-designated Third Party Vendor for testing and repair. An interruption period ends when Service is operative and released to the Customer, and the Customer has accepted Service. If the Customer cannot be contacted for notification that the Service is operative, the trouble will be cleared awaiting contact with the Customer to verify Service is operative. The outage time for service credit calculations will not include this time.

Regardless of the number of Service interruptions within a billing period, credits for interrupted Service will not exceed 100% of the monthly rates of the affected Service that the Customer would have otherwise paid.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.2 Out-of-Service Credits (continued)

3.2.2 Interruption of Service (continued)

- (B) An out-of-service credit will not be given to a Customer if the interruption in Service is due to the negligence of the Customer or exogenous factors (outside the Company's or Third Party Vendor's control).
- (C) In order to permit the Company to make tests and adjustments appropriate for the maintenance of services within satisfactory operating parameters, Private Line Services provided herein shall be available to the Company at times mutually agreed upon between the Company and the Customer. Tests and adjustments shall be completed within a reasonable time. No out-of-service credit will be allowed for any interruptions involved during such tests and adjustments, or if the Customer does not release the Circuit to the Company.
- (D) The allowance for the period of interruption per affected Service is defined in Section 3.2.4 of this Tariff.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.2 Out-of-Service Credits (continued)

3.2.4 Service Specific Credit Allowances

(A) DS1 Service

For DS1 Service, the credit allowance is equal to 1/1440 of all applicable billed elements of the affected Service for each (and portion of) half hour, not to exceed the full monthly recurring charges. No credit shall be allowed for an interruption of less than two (2) hours.

(B) DS3 Service

For DS3 Service, the credit allowance is equal to 1/30 of all applicable billed elements of the affected Service for each (and portion of) half hour, not to exceed the full monthly recurring charges. No credit shall be allowed for an interruption of less than two (2) hours.

ADMINISTRATIVELY

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.2 Out-of-Service Credits (continued)

3.2.4 Service Specific Credit Allowances (continued)

(C) OC3 Service

Credit(s) for an interruption of less than two (2) hours or the initial two (2) hours will be limited to 1/30 of all applicable billed elements of the affected Service. For interruptions of greater than two (2) hours, the credit allowance is equal to 1/4 of all applicable billed elements of the affected Service for each (and portion of) half hour, not to exceed the full monthly recurring charges.

(D) OC12 Service

Credit(s) for an interruption of less than two (2) hours or the initial two (2) hours will be limited to 1/30 of all applicable billed elements of the affected service. For interruptions of greater than two (2) hours, the credit allowance is equal to 1/4 of all applicable billed elements of the affected service for each (and portion of) half hour, not to exceed the full monthly recurring charges.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.2 Out-of-Service Credits (continued)

3.2.4 Service Specific Credit Allowances (continued)

(E) Miscellaneous Installation Service Credits

An installation service credit equal to 20% of the installation charge will be granted for each day missed if the Company fails to meet the service order due date without cause or notice of mutual consent with the Customer. Credits are not to exceed the full non-recurring or installation charges. An exception to an installation service credit is service orders with an expedite status, where the requested due date is missed but the normal due date interval is met. Expedites are met on "a best effort" basis. Order expedite charges apply when a Customer requests a circuit due date that is earlier than the standard provisioning interval.

(F) Additional Labor Charge Credit

If the date and time for an event which triggers additional labor charges is missed without cause or notice of mutual consent of the Customer, then additional labor charges for the event will not be charged. If these additional labor charges were charged in advance, they will be credited on the Customer's next months' bill.

(G) Special Construction

There are no credits for special construction or other incurred non-recoverable costs.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.3 Mileage Measurements

3.3.1 The rate mileage for the IOC on a two-point Private Line Service is the airline distance measured between the Customer serving Wire Centers associated with each end of the Circuit.

3.3.2 Calculation of IOC Channel mileage between Serving Wire Centers is based on V and H coordinates as obtained by reference to National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4. The Airline Mileage between Serving Wire Centers is calculated as follows:

The square root of:
$$\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}$$

Where V_1 and H_1 are the V and H coordinates of point 1 and V_2 and H_2 are the coordinates of point 2.

3.3.3 Fractions of a mile are rounded up to the next whole mile before rates are applied.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.4 Limitations on Service

- 3.4.1 For Customers that utilize Private Line Service for voice transmission, the Company does not provide echo suppression. Voice transmission quality parameters are not necessarily coincident with data transmission quality.

3.5 Application of Rates and Charges

3.5.1 General

The Base Rates for a particular Private Line Service are determined by the following criteria: (1) type of Private Line Service (i.e. DS1, DS3, OC3, OC12) and (2) length of the term plan commitment. Monthly recurring charges apply for each Private Line Service furnished by the Company. Non-recurring and one time charges may also apply. Circuit termination charges for Local Access are not included in this Tariff.

Interexchange Service Tariff

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.5 Application of Rates and Charges (continued)

3.5.2 Monthly Recurring Charges

There are two rate elements used in calculating the monthly recurring charge for the IOC. They include a fixed monthly charge irrespective of distance and a per mile charge based on the distance between the Customer's serving Wire Centers where each end of the circuit is located.

(A) Fixed MRC

A fixed monthly charge applies. The monthly recurring rates may vary according to the length of term plan agreement.

(B) IOC - Per Mile

This rate element applies per digital Channel whenever there is mileage associated with the digital Channel. The unit rate is multiplied by the number of miles (interoffice miles) between the Customer serving Wire Centers where the endpoints of the Channel are located.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.5 Application of Rates and Charges (continued)

3.5.3 Service Order Change Charge

(A) General

See Section 2.16.2 (B) for general rules and regulations regarding the Service Order Change Charge for Data Services. For Private Line Services, the Service Order Change Charge may apply to Service that has been ordered but not installed and accepted by the Customer and to Service that has been installed and accepted by the Customer.

(B) Change In Service Before Installation and Acceptance By Customer

- .1 If made prior to turn-up and acceptance of Service by the Customer, no charge applies for a Customer's request to change Service if re-engineering is not required. For example, no charge applies for changes in a Service Order made to change the length of a term plan or for administrative purposes such as change of name or change in billing address, contact name, or telephone number.
- .2 Unless otherwise indicated in this Tariff, the Service Order Change Charge applies when Services are re-engineered. Examples of changes which require re-engineering include but are not limited to changes in serving Wire Center, transmission speed, signaling, terminating equipment or Service rearrangements.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.5 Application of Rates and Charges (continued)

3.5.3 Service Order Change Charge (continued)

(B) Change In Service Before Installation and Acceptance By Customer
(continued)

- .3 If the Customer requests a change of location or address in one or both of the original endpoints, the change is treated as a change order. If re-engineering is required, the Service Order Change Charge applies.
- .4 If the Customer requests a change in signaling or terminating equipment and re-engineering of the Service is required, the request is treated as a change order. The Service Order Change Charge applies.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.5 Application of Rates and Charges (continued)

3.5.3 Service Order Change Charge (continued)

(C) Change In Service After Installation and Acceptance By Customer

- .1 No charge applies for a request to change Service for administrative purposes (e.g. change of name, billing address, etc.). A request to change the length of a term agreement plan is not considered an administrative change and a Service Order Change Charge may apply.
- .2 If the Customer requests a change in signaling or terminating equipment and re-engineering of the Service is required, the request is treated as a change order as long as the Service retains one of the two original endpoints and there is no change in serving Wire Center (see Section 3.5.3 (C).4 of this Tariff); and the Service Order Change Charge applies. Otherwise the request is treated as a disconnect and new order.
- .3 If the Customer requests to change the location or address of both end points of the Circuit, the request is treated as a disconnect and new order. TLCs apply pursuant to Section 2.26 of this Tariff and installation charges pursuant to Section 2.16.2 of this Tariff.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.5 Application of Rates and Charges (continued)

3.5.3 Service Order Change Charge (continued)

(C) Change In Service After Installation and Acceptance By Customer
(continued)

- .4 A Customer request to change the location of one point of the Circuit will be treated either as a change order or as a disconnect and new order depending on whether the change in location also results in a change in serving Wire Center. If the serving Wire Center remains the same, the change in location will be treated as a change order and a Service Order Change Charge will apply pursuant to section 3.5.3 (C).2 of this Tariff; TLCs do not apply. If the Customer requests to change the location of one point of the Circuit and the serving Wire Center changes, the changes will be treated as a disconnect and a new order and TLCs apply pursuant to Section 2.26 of this Tariff and installation charges apply pursuant to Section 2.16.2 of this Tariff.
- .5 Unless otherwise indicated in this Tariff, TLCs and installation charges apply when the Customer's request to change Service is treated as disconnect of Service and a new order.
 - .a If the Customer requests a change to upgrade the Bandwidth of Private Line Service to a higher Bandwidth and the length of the term plan is at least equal to the length of the original term plan agreement, TLCs do not apply.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.5 Application of Rates and Charges (continued)

3.5.3 Service Order Change Charge (continued)

(C) Change In Service After Installation and Acceptance By Customer
(continued)

.5 (continued)

.b If the Customer requests a change to upgrade the Bandwidth of Private Line Service to a higher Bandwidth and the length of the term plan is not at least equal to the length of the original term plan, the TLCs apply.

.c If the Customer moves one location of a Circuit and the length of the term plan for the new Circuit is at least equal to or greater than the term for the disconnected Circuit, the TLC for the disconnected Circuit will not apply.

.6 Unless otherwise indicated in this Tariff, all other Customer requests for a change in Service which requires re-engineering will be treated as a disconnect and new order and TLCs apply pursuant to Section 2.26 of this Tariff and installation charges pursuant to Section 2.16.2 of this Tariff.

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.5 Application of Rates and Charges (continued)

3.5.4 VIP Discount

Customers subscribing to any of the Company's intrastate Private Line, PRI-ISDN, DVA 6-Pack or DVA-12 Pack Services Services will automatically receive a volume discount per master account number for (1) all Private Line Service(s) IOCs, (2) PRI-ISDN Service(s), and (3) DVA 6-Pack, and DVA-12 Pack Ports associated with the Customer's master account number. Pass through charges are not eligible for a volume (VIP) discount on the master account. To determine the eligible monthly revenue, the Customer's Base Rate charges are totaled, regardless of application, Bandwidth or term commitment period, for all domestic (intrastate and interstate) Private Line Services and, if applicable, PRI-ISDN Services and/or DVA 6-Pack / DVA 12-Pack. This discount will be applied before the application of any other discount(s). The VIP discount will appear on the bill in the month in which the discount was earned. The VIP discount for the Private Line Service, PRI-ISDN, DVA 6-Pack, and DVA 12-Pack Services is calculated by multiplying the eligible monthly recurring revenues at the appropriate discount percent determined by spending threshold. The applicable discounts are as follows:

Eligible Monthly Revenue	Discount
\$2,000	2%
\$5,000	3%
\$10,000	5%
\$15,000	7%
\$20,000	9%
\$25,000	11%
\$50,000	12%

SECTION 3 - DESCRIPTION OF PRIVATE LINE SERVICES

3.6 DS1 Service

3.6.1 This Service is a point-to-point InterLATA Private Line Service which consists of a DS1 (1.5444 Mbps.) capacity digital Channel available on a twenty-four (24) hour per day, seven (7) days per week basis. This Service is an unswitched, non-usage sensitive service which is dedicated exclusively to one Customer and provides for two-way simultaneous transmission of digital signals. Service is available as non-Channelized. Point-to-point IntraLATA Private Line Service is not available.

(A) Only point-to-point Service (one Customer premises to another Customer premises) is available. Multi-point Service (multiple customer locations for the same Circuit identification/service) is not available.

(B) Local Access facilities may limit the performance specification that the Customer or End User can anticipate.

3.6.2 This Service is available to Business Customers that utilize Dedicated Access from the Customer Premises to the Serving Wire Center.

3.6.3 Customers subscribing to DS1 Private Line Service may order Service on a monthly basis or sign a term plan agreement for one (1), three (3) or five (5) years.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.1 Domestic Frame Relay Service

5.1.1 Description

- (A) This Service is a packet data service, accessible at speeds of up to 40 Mbps for NNI ports, which provides Customers with a capability to connect locations via PVCs for data transmission. Customers may subscribe to term plans for one, three, or five years for UNI or NNI ports.
- (B) This Service, comprised of three components, allows Customer-compatible applications and/or equipment to connect to the FRS network. The three components are local loop access, UNI Port options, and PVCs.
 - .1 The local loop access to the FRS network is through DS0 or DS1 digital Access Lines and is provided by a Local Access Provider. Recurring, non-recurring, and one time charges associated with the local loop access are not provided in this Tariff.
 - .2 The FRS Port options allow access to the FRS network.
 - .3 PVCs provide a connection oriented transmission Channel from source to destination. PVCs are defined by DLCIs which identify address information and route the framed data. Multiple virtual connections can be established over a single digital transmission facility and single port.

ADMINISTRATIVELY
APPROVED FOR FILING

Issued: January 16, 2004

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.1 Domestic Frame Relay Service (continued)

5.1.1 Description (continued)

(B) (continued)

Each individual access link and Frame Relay Port can be shared with traffic to multiple designations.

(C) The DLCIs are established at the time of Service subscription at Customer specified end points making a PVC. The FRS network will only transmit data between authorized DLCIs. Each PVC has a pre-assigned CIR and a Burst Rate. This provides Bandwidth sharing and Bandwidth on demand capabilities.

(D) At Service subscription, the CIR and the Burst Rate must be specified for each PVC ordered.

(E) For FRS the following installation intervals apply:

Access Speed	Standard Installation Interval (Business Days)
up to and including 1.536 Mbps	45
greater than 1.536 Mbps	ICB

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.1 Domestic Frame Relay Service (continued)

5.1.2 Access

(A) Access to Domestic Frame Relay Service can be made using one of the following methods provided by a Local Access Provider. For each access facility used, one port is required for access to FRS. For each port used, the speed selected must be equal to or greater than the CIR for each PVC connected to the port.

- DS0 digital private line inter-office service at speeds of 56 or 64 Kbps.
- DS1 digital access (including subrate DS1 port options).

Interexchange Service Tariff

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.1 Domestic Frame Relay Service (continued)

5.1.3 Permanent Virtual Circuits

- (A) A PVC is a logical Customer-dedicated communications path defined between two Port connections. Each PVC is assigned a CIR which is the average minimum data rate the network will allocate to the PVC under normal operating conditions. The data transmission rate for a PVC can be greater than the CIR when excess capacity is available on the Port and on the network. When this excess capacity exists, a data rate above the CIR may be achieved up to the Port capacity. Data sent across a virtual connection in excess of that connection's CIR will be marked by the network as being discard eligible (DE) in the event of network congestion and will be delivered only if the instantaneous demand for output on a transmission Channel is equal to or less than the capacity of the queue for that Channel.
- (B) PVCs are duplex (two-way).
- (C) Each PVC is subject to a minimum charge equal to the charge for one month's service.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.1 Domestic Frame Relay Service (continued)

5.1.4 Basic Features

- (A) Customers predefine the locations/lines authorized to exchange data. The Company uses this information to assign and administer the DLCIs and PVCs.
- (B) The CIR and Burst Rate will be negotiated with each Customer at the time the Customer subscribes to the Company's Service. These rates will be based on Port termination speeds and the number of PVCs per Port ordered by the Customer.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.1 Domestic Frame Relay Service (continued)

5.1.5 Application of Rates and Charges

(A) Port Charges

.1 Non-recurring Charges

A non-recurring charge will be assessed for installation, change, and/or expedited Service order.

.2 Monthly Recurring Charges

- .a The monthly recurring charges apply per Port. The charges are determined based upon the Port speed. The monthly recurring rates may vary according to the length of term plan agreement.

(B) PVC Per Cumulative CIR

A monthly recurring charge applies per Kbps increment or fraction thereof based on the type of access and data transmission rate.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.1 Domestic Frame Relay Service (continued)

5.1.5 Application of Rates and Charges (continued)

(C) Domestic Volume Incentive Plan (VIP) Discount

Customers subscribing to any of the Company's Domestic Frame Relay Service(s) will automatically receive a volume discount per master account number for all Domestic Frame Relay Service(s) associated with the Customer's master account number. This discount will be based on the Customer's total monthly billed Domestic Frame Relay Service revenue (intrastate and interstate) for monthly recurring charges only. This discount will be applied before the application of any other discount(s). The discount will appear on the bill in the month in which the discount was earned. The applicable discounts are as follows:

Eligible Monthly Revenue	Maximum Discount
\$2,000	30%
\$5,000	30%
\$10,000	30%
\$25,000	30%
\$50,000	30%
\$100,000	30%

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.1 Domestic Frame Relay Service (continued)

5.1.6 Domestic Service Level Credits

The following table identifies the individual metrics and values for Frame Relay Service.

Metric	Value
POP to POP Availability	99.95% per calendar year, not to be less than 99.9% in any month
Mean Time to Repair	4 hours on a rolling month average
Data Delivery Rate	99.95% of DE=O frames when PVC is active
Network Latency (One-Way)	75 milliseconds

To obtain a service level credit, the Customer must report the service problem to the Company's Customer Care Department or other location designated by the Company.

ADMINISTRATIVELY
APPROVED FOR FILING

Issued: January 16, 2004

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.1 Domestic Frame Relay Service (continued)

5.1.6 Service Level Credits (continued)

The following table identifies credits to be refunded to the Customer when the data metrics as specified above exceeds the specified values.

Data Metric Exceeding Specified Value	Credit for that Portion of the Network Not in Compliance
1 or more service metrics exceeding specified value for 2 consecutive months	10% of Monthly Recurring Charge
2 or more service metrics exceeding specified value for 3 consecutive months	15% of Monthly Recurring Charge
2 or more service metrics exceeding specified value for 4 consecutive months	25% of Monthly Recurring Charge
2 or more service metrics exceeding specified value for 5 consecutive months	30% of Monthly Recurring Charge
2 or more service metrics exceeding specified value for 6 consecutive months	50% of Monthly Recurring Charge plus waiver of termination liabilities

ADMINISTRATIVELY
APPROVED FOR FILING

Issued: January 16, 2004

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.1 Domestic Frame Relay Service (continued)

5.1.6 Service Level Credits (continued)

Unless the Customer has canceled Service, the service level credit will be accomplished by a credit on a subsequent bill for Service. The service level credits will appear on the Customer's bill no later than the two (2) billing cycles following the restoral of the interruption of Service. If the Customer has canceled Service, the credit will be applied to the last invoice and only the excess over the amount due will be refunded to the Customer. In no event will the total of the Service Level Credit and the Service Outage Credit exceed the monthly recurring charge for the Port, Access Gateway, or applicable PVCs.

5.1.7 Quality Standards

Frame Relay Service complies with both the ITU and ANSI standards.

5.1.8 Frame Relay to ATM Interworking (FRATM)

Frame Relay to ATM Interworking (FRATM) allows Customers with existing Frame Relay networks, an easy migration to the ATM network, while maintaining existing Frame Relay locations. It also allows Customers to have a cost effective network solution allowing the integration of many remote low speed sites to communicate with a larger service center ATM site, usually a data center.

Pricing of the Permanent Virtual Circuits between a Frame Relay location and an ATM location, will consist of current Frame Relay and ATM rates. PVC Committed Information Rate between 4 Kbps and 1024 Kbps will be priced using the Frame Relay rate table. PVC CIR of 1 Mbps or greater will be priced as an ATM PVC ICB rate.

ADMINISTRATIVELY
APPROVED FOR FILING

Issued: January 16, 2004

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.1 Domestic Frame Relay Service (continued)

5.1.9 Availability

Effective January 1, 2003, Domestic Frame Relay Service offered in Section 5.1 of this Tariff is limited to existing locations for existing Customers. After January 1, 2003, the Domestic Frame Relay Service offered in Section 5.1 will no longer be available to new Customers and will not be available in new locations. Moves within the same building and the addition of PVCs, purchased from Section 5.1 of the Tariff and assigned to existing locations, will be allowed until the Customer's term plan agreement expires. Any other changes to the Service arrangements provided under term plan agreements will require the Customer to convert to National Frame Relay Service offered in Section 5.2 of this Tariff. Existing Customers may purchase National Frame Relay Service offered in Section 5.2 in addition to their existing Domestic Frame Relay Service. After January 1, 2003, any changes to Service provided on a month-to-month basis, including but not limited to moves within the same building and the addition of PVCs, will require the Customer to convert to National Frame Relay Service offered in Section 5.2 of this Tariff.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.2 National Frame Relay Service (NFR), also known as SBC PremierSERVsm Frame Relay Service and SBC PremierSERVsm National ATM Service

5.2.1 Description

National Frame Relay Service is a public, metropolitan, and wide-area data Service that provides high throughput and low delay. It utilizes advanced packet switching technology and highly reliable digital transmission facilities to provide the performance of leased lines and the flexibility and connectivity features of Local Area Networks (LANs) in an efficient, economical data delivery service.

SBC PremierSERVsm National Asynchronous Transfer Mode (NATM) Service is a high-speed, packet switched transport service that combines disparate applications, from separate locations, using a common network access device and physical network connection. SBC PremierSERVsm National ATM Service can allow management of a single network that is easier and less expensive than managing multiple networks. SBC PremierSERVsm National ATM Service uses multiple connections over a single line and reduces the number of physical interfaces required.

The Company's SBC PremierSERVsm National Frame Relay and SBC PremierSERVsm National ATM products combine long distance components of the Company-Provided network.

(A) Both Services, each comprised of three components, allow Customer-compatible applications and/or equipment to connect to the Company-Provided network. The three components are Ports, Access, and PVCs.

.1 Ports allow connectivity to the Company-Provided network.

.2 The Access component is available with each Port.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.2 National Frame Relay Service (NFR), also known as SBC PremierSERVsm Frame Relay Service and SBC PremierSERVsm National ATM Service (continued)

5.2.1 Description (continued)

(A) (continued)

.3 PVCs provide a connection between two Ports on the network. Multiple virtual connections can be established over a single digital transmission facility and single Port.

.a NATM uses two (2) different types of PVCs called:

(i) Virtual Channel Connections (VCCs)

A VCC is an individual point-to-point virtual connection carrying one application.

(ii) Virtual Path Connections (VPCs)

VPC(s) provide connections between Ports. A VPC is a collection of VCCs that are routed together as one unit end-to-end through the network.

.4 Each Port and Access can communicate with multiple destinations using multiple PVC types.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.2 National Frame Relay Service (NFR), also known as SBC PremierSERVsm Frame Relay Service and SBC PremierSERVsm National ATM Service (continued)

5.2.1 Description (continued)

- (B) Access to SBC PremierSERVsm National Frame Relay and ATM Services can be made using one of the following methods provided by a Local Access Provider. For each Access facility used, one Port is required for access to the Company's network. For each Port used, the speed selected must be equal to or greater than the CIR for each PVC/VCC/VPC connected to the Port.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.2 National Frame Relay Service (NFR), also known as SBC PremierSERVsm Frame Relay Service and SBC PremierSERVsm National ATM Service (Continued)

5.2.2 Permanent Virtual Circuits (PVC)

- (A) A PVC is a logical path defined between two Port connections. Each PVC is assigned a CIR which is the average minimum data rate the network will allocate to the PVC under normal operating conditions. The data transmission rate for a PVC can be greater than the CIR when excess capacity is available on the Port and on the network. When this excess capacity exists, a data rate above the CIR may be achieved up to the Port capacity. Data sent across a virtual connection in excess of that connection's CIR will be marked by the network as being DE in the event of network congestion and will be delivered only if Bandwidth is available.
- (B) PVCs are duplex (two-way) unless otherwise noted.
- (C) Customer may purchase PVCs within a LATA or InterLATA (those that cross LATA boundaries).
- (D) At NFR Service subscription, the CIR must be specified for each PVC ordered.
 - .1 CIR is only used with FRS.
 - .2 Peak Information Rate (PIR) and Sustained Information Rate (SIR) are terms used when referring to ATM VCC/ VPC speeds. PIR applies to the CBR QoS and the UBR QoS, and SIR applies to the VBRrt QoS and the VBRnrt QoS.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.2 National Frame Relay Service (NFR), also known as SBC PremierSERVsm Frame Relay Service and SBC PremierSERVsm National ATM Service (Continued)

5.2.2 Permanent Virtual Circuits (PVC) (Continued)

(E) The SBC PremierSERVsm National Frame Relay service will offer two types of quality of Service (QoS) PVCs:

- .1 Standard - Standard QoS provides best-effort QoS over the network.
- .2 Priority - The Priority PVCs category offers a better than best-effort QoS with low delay for small, fixed length packets. Example: Standard Network Available traffic.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.2 National Frame Relay Service (NFR), also known as SBC PremierSERVsm Frame Relay Service and SBC PremierSERVsm National ATM Service (continued)

5.2.2 Permanent Virtual Circuits (PVC) (continued)

(F) The SBC PremierSERVsm National ATM service offers four types of quality of service: (QoS) PVCs:

.1 Constant Bit Rate (CBR)

CBR is the highest priority traffic on the network. CBR is designed for applications that are real-time and delay-sensitive, like voice and video.

.2 Variable Bit Rate – real time (VBRrt)

VBRrt supports traffic for applications where low cell deviation is required. Such applications could include packet voice and video that can tolerate some delay.

.3 Variable Bit Rate – non real time (VBRnrt)

VBRnrt is designed for bursty traffic like e-mail, file transfer, and LAN to LAN traffic.

.4 Unspecified Bit Rate (UBR)

UBR is a "best effort" class of service for non-critical, delay-tolerant applications.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.2 National Frame Relay Service (NFR), also known as SBC PremierSERVsm Frame Relay Service and SBC PremierSERVsm National ATM Service (continued)

5.2.2 Permanent Virtual Circuits (PVC) (continued)

(G) The NFR and NATM offers two backup options:

- .1 Alternate Routing (always-on)
- .2 Disaster Recovery (typically to a 3rd party) PVCs in the event of an outage at the Customer's primary location. The disaster recovery or alternate routing site must also be served by an active Frame Relay or ATM Port and Access. A Disaster Recovery PVC is set to a disabled mode until the Customer requests its activation due to a disaster occurrence. The Customer must contact Company to again disable the PVC upon restoration of the primary location.
 - .a Disaster Recovery Testing: Customers with disaster recovery connections can receive up to two tests at no extra charge. If a Customer requests that a disaster recovery connection be tested more than twice, then each additional test will be billed to the customer using the Miscellaneous Service Rates as set forth in Section 6.2.4 of this Tariff.

5.2 National Frame Relay Service (NFR), also known as SBC PremierSERVsm Frame Relay Service and SBC PremierSERVsm National ATM Service (Continued)

5.2.5 National Service Level Agreement (SLA) also known as SBC PremierSERVsm Standard and Premium Level SLAs

(A) SBC PremierSERVsm Standard and Premium Level SLAs

- .1 The following table identifies the individual metrics and values for National Frame Relay and ATM Service.

Metric	Value
Standard Network Availability	99.99% for any given calendar month. Calculated as the percentage of time that the Frame Relay PVCs and/or ATM VPC/VCCs are capable of accepting and delivering Customer data from ingress to egress Port, for the total time in the measurement period, which shall be any given calendar month.
Standard Time to Repair (TTR)	Within 4 hours per occurrence; 8 hours if technician dispatch is required.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.2 National Frame Relay Service (NFR), also known as SBC PremierSERVsm Frame Relay Service and SBC PremierSERVsm National ATM Service (continued)

5.2.5 National Service Level Agreement (SLA) also known as SBC PremierSERVsm Standard and Premium Level SLAs (continued)

(A) SBC PremierSERVsm Standard and Premium Level SLAs (continued)

.1 (continued)

Metric	Value
Standard Cell/Frame Delivery Ratio	99.99% per Frame Relay PVC or ATM CBR, VBRnrt, VBRrt or FRATM VPC/VCC. Calculated as the percentage of Frames or cells offered (ingress) to the network that successfully egress the network from ingress Port to egress Port, edge-to-edge, within the Committed Information Rate (CIR) or Sustained Information Rate (SIR), for the total time in the measurement period, which shall be in any given calendar month.
Standard Time to Provision (TTP)	Due date shown on the Firm Order Confirmation (FOC).
Standard Network Latency	All long haul Frame Relay PVCs and all long haul ATM, VBRrt, VBRnrt, FRATM VPC/VCCs are guaranteed from ingress to egress Port, for 120 milliseconds round trip average per VPC/VCC/PVC for the total time in the measurement period, which shall be any given calendar month. All long haul CBR are guaranteed from ingress to egress Port, for 110 milliseconds round trip average per VPC/VCC/PVC for the total time in the measurement period, which shall be any given calendar month.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.2 National Frame Relay Service (NFR), also known as SBC PremierSERVsm Frame Relay Service and SBC PremierSERVsm National ATM Service (continued)

5.2.5 National Service Level Agreement (SLA) also known as SBC PremierSERVsm Standard and Premium Level SLAs (continued)

(A) SBC PremierSERVsm Standard and Premium Level SLAs (continued)

.2 National Standard SLA Terms and Conditions

.c The Company has thirty (30) calendar days to restore standard network availability, latency, and cell/frame delivery ratio to within the SLA committed level before the Customer is eligible for a credit. If the Company restores Service within the SLA committed level during the 30-day calendar period, the Customer will not be entitled to a credit.

.d Standard network availability, latency and cell/frame delivery ratio are measured edge-to-edge (ingress and egress port) as an average per PVC/VPC/VCC over a calendar month period.

.e Standard TTR and TTP are measured on a per occurrence basis.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.2 National Frame Relay Service (NFR), also known as SBC PremierSERVsm Frame Relay Service and SBC PremierSERVsm National ATM Service (continued)

5.2.6 Quality Standards

National Frame Relay and ATM Service comply with both the ITU and ANSI standards.

5.2.7 National Frame Relay to ATM Interworking (FRATM)

National Frame Relay to ATM Interworking (FRATM) allows customers with existing Frame Relay networks, an easy migration to the ATM network, while maintaining existing Frame Relay locations. It also allows customers to have a cost effective network solution allowing the integration of many remote low speed sites to communicate with a larger service center ATM site, usually a data center.

Pricing of the Permanent Virtual Circuits (PVCs), between a Frame Relay location and an ATM location, will be accomplished by a FRATM PVC.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.3 Domestic ATM/Cell Relay Service

Domestic ATM/Cell Relay Service is a high speed digital data Service utilizing cell-switching technology. Access speeds range from DS1 (1.544 Mbps) to OC12 (622 Mbps). Intrastate ATM/Cell Relay Service will be provided on an individual case basis.

Effective January 1, 2003, Domestic ATM/Cell Relay Service offered in Section 5.3 of this Tariff is limited to existing locations for existing Customers. After January 1, 2003, the Domestic ATM/Cell Relay Service offered in Section 5.3 of this Tariff will no longer be available to new Customers and will not be available to existing Customers at new locations. Moves within the same building and the addition of PVCs, purchased from Section 5.1 of the Tariff and assigned to existing locations, will be allowed until the Customer's term plan agreement expires. Any other changes to the Service arrangements provided under term plan agreements will require the Customer to convert to National ATM/Cell Relay Service offered in Section 5.2 of this Tariff. Existing Customers may purchase National ATM/Cell Relay Service offered in Section 5.2 in addition to their existing Domestic ATM/Cell Relay Service. After January 1, 2003, any changes to Service provided on a month-to-month basis, including but not limited to moves within the same building and the addition of PVCs, will require the Customer to convert to National ATM/Cell Relay Service offered in Section 5.2 of this Tariff.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.5 Other Specialized Communications Services

5.5.1 Primary Rate Interface - Integrated Services Digital Network

(A) General Description

PRI-ISDN provides high-speed end-to-end digital service with out-of-band signaling. Service is available to Business Customers with a 1-year, 3-year or 5-year term plan agreement. Each PRI-ISDN utilizes a 1.544 Mbps facility and is assigned a PRI-Port to carry Company-Provided dedicated voice services, either dedicated toll free services and/or dedicated outbound (1+) services. Company-Provided dedicated toll free and dedicated outbound (1+) services are separately offered services and their charges are not included in the PRI-ISDN rates and charges.

PRI-ISDN conforms to both the ANSI PRI-ISDN standard and Northern Telecom PRI Specifications Number NIS-A211-4. ISDN uses a set of technical protocols jointly developed by the ITU to traverse the DS1 access using Q.931 signaling protocol. Acceptable protocol variants are NTNAPRI, U449PRI, U459PRI, and N449PRI.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.5 Other Specialized Communications Services (continued)

5.5.1 Primary Rate Interface - Integrated Services Digital Network (continued)

(A) General Description (continued)

A principal PRI Service consists of up to twenty-three 64 Kbps digital B-Channels and one 64 Kbps digital D-Channel. Subsequent, subordinate PRI Service may consist of up to twenty-four 64 Kbps digital B-Channels. Only one trunk group may be provisioned per active D-Channel. The DS1 Local Access facility must be established with Bipolar 8 Zero Substitution and Extended Super-Frame Format for Clear Channel capacity.

One D-Channel is utilized to provide out-of-band signaling for the entire PRI trunk group. One D-Channel may provide signaling for up to 671 B-Channels (maximum of 28 DS1s). A Backup D-Channel Option is available which provides a second D-Channel associated within a PRI trunk group in the event that the principal D-Channel fails. The Backup D-Channel Option is a D-Channel in standby and cannot be used as a B-Channel.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.5 Other Specialized Communications Services (continued)

5.5.1 Primary Rate Interface - Integrated Services Digital Network (continued)

(A) General Description (continued)

One PRI Port is required for each DS1 access in order to utilize ISDN features, functions, and Services. This PRI Port is the network interconnection providing the ISDN functionality at the Company-Provided POP. A PRI Port is capable of supporting twenty-four Channels carrying ISDN Services. The initial PRI Port or principal PRI Service must be configured to have one D-Channel. Multiple PRI-Ports may share an active D-Channel which controls the entire trunk group of B-Channels (up to 671).

PRI ISDN Local Access provides a path between the Customer's Premises/ Customer's equipment and the Company designated POP. The PRI ISDN Local Access facility has a Bandwidth capacity of 1.544 Mbps. PRI ISDN Local Access typically consists of two Channel terminations at the Circuit's ends and mileage computed by the V&H coordinates of the Customer's serving Wire Center and the Company-Provided POP. The PRI ISDN Local Access facility is provided by a Local Access Provider. If requested by the Customer, the Company will act as the Customer's agent for obtaining the required Local Access. Third-party Local Access facilities are offered at a pass-through rate. The Company will act as the Customer's agent for payment of Local Access charges to the Local Access Provider.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.5 Other Specialized Communications Services (continued)

5.5.1 Primary Rate Interface - Integrated Services Digital Network (continued)

(A) General Description (continued)

PRI ISDN will support Company dedicated Toll-Free Service, dedicated outbound (1+) Service, or both, on a single trunk group. The Customer must specify which of the available Services or combination of Services are to be carried on the PRI B-Channels at the time PRI ISDN is ordered. The active D-Channel carries the signaling, control, and user data associated with the corresponding B-Channels.

Only CPE which is compatible with the Company's PRI ISDN network specifications can be connected to the network. PRI ISDN is not available to Customers with Plexar services.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.5 Other Specialized Communications Services (continued)

5.5.1 Primary Rate Interface - Integrated Services Digital Network (continued)

(B) Configurations, Options, and Features

.2 Backup D-Channel Option

The Backup D-Channel Option allows the Customer to have a second D-Channel associated with a PRI ISDN trunk group. The Backup D-Channel Option provides a standby control Channel for ISDN signaling between the Customer location and the network. This provides protection should there be a failure in the active D-Channel.

Backup D-Channel is provisioned through the use of a second "23B + 1D" configured PRI ISDN Port and Local Access Circuit.

Performance on the second (or standby) D-Channel is identical to the principal (or active) D-Channel. With the Backup D-Channel Option, only one of the D-Channels is in the active state (processing signaling messages) and the other is in the standby state. If the active D-Channel fails, then the standby D-Channel will be activated. When the standby D-channel becomes activated, any calls that are in progress and being carried over subordinate PRI ISDN Ports within the PRI ISDN trunk group are sustained.

5.5 Other Specialized Communications Services (continued)

5.5.1 Primary Rate Interface - Integrated Services Digital Network (continued)

(D) Ancillary/Administrative Charges (continued)

.2 PRI ISDN Port Redesign Charges

A redesign charge will apply whenever the Customer makes a request that requires the reconfiguration of a PRI ISDN Port. Examples of these types of requests include but are not limited to:

- Re-establishing or rearranging B-Channels or D-Channels
- Adding or removing a backup D-Channel
- Adding, removing or reconfiguring Company-Provided dedicated outbound (1+) Services or dedicated Toll Free Services associated with a PRI ISDN Port

The term plan commitment restarts upon redesign of PRI ISDN Service. A PRI ISDN Port Redesign Charge applies in lieu of the PRI ISDN Installation Charge.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.5 Other Specialized Communications Services (continued)

5.5.1 Primary Rate Interface - Integrated Services Digital Network (continued)

(D) Ancillary/Administrative Charges (continued)

.3 Termination Liability Charges

The Termination Liability Charge described in Section 2.26.2 of this Tariff applies if the Customer cancels PRI ISDN Service prior to the expiration of the term plan agreement.

(E) Service Upgrades

An upgrade of Service is defined as an agreement to a term of equal or longer length, and the term is re-initiated. The MRCs associated with PRI ISDN Ports are eligible for the VIP discount in Section 3.5.4 of this Tariff. Any eligible PRI Port charges are cumulative with any eligible Private Line Services charges associated with the Customer's master account number towards a VIP discount defined in the Data Private Line Services Section, Section 3.5.4 of this Tariff. The Customer need not subscribe to Private Line Service to be eligible for discount. The Customer must meet only the defined spending threshold to qualify for VIP discount.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.5 Other Specialized Communications Services (continued)

5.5.1 Primary Rate Interface - Integrated Services Digital Network (continued)

(F) Service Level Credits

The following table identifies the individual metrics and values for PRI ISDN Service:

Metric	Value
Network Availability	99.9% in any month
Mean Time to Repair	6 hours

To obtain a service level credit, the Customer must report the service problem to the Company's Customer Care Department or other location designated by the Company.

Unless the Customer has canceled Service, the service level credit will be accomplished by a credit on a subsequent bill for Service. The service level credits will appear on the Customer's bill no later than the two (2) billing cycles following the restoral of the interruption of Service. If the Customer has canceled Service, the credit will be applied to the last invoice and only the excess over the amount due will be refunded to the Customer. In no event will the total of the service level credit and the service outage credit exceed the monthly recurring charge for the PRI ISDN Port.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.6 Out-of-Service Credits

5.6.1 General

- (A) Following the start of service date, if a Customer reports interruption of Service, the Customer may initiate a claim for an out-of-service credit. Tests, MTTR, and Automatic Error Correction may be eligible for out-of-service credits.
- (B) Unless the Customer has cancelled Service, the credit will be accomplished by a credit on a subsequent bill for Service. The service level credits will appear on the Customer's bill no later than the two (2) billing cycles following the restoral of the interruption of Service. If the Customer has cancelled Service, the credit will be applied to the last invoice. Any excess over the amount due will be refunded to the Customer.
- (C) In any given billing month, the total amount of out-of-service credits cannot exceed 100% of the applicable monthly recurring charge(s) per affected Service.

APPROVED FOR FILING

Issued: January 16, 2004

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.6 Out-of-Service Credits (continued)

5.6.2 Interruption of Service

- (A) An out-of-service credit allowance is available to a Customer for interrupted Service. Service is interrupted (and may be eligible for claim) when it becomes unusable to the Customer because of a failure in Company-Provided facilities, a failure in Local Access facilities where the Company acts as the Customer's agent for provisioning the Local Access, or if the protective controls applied by the Company result in the complete loss of Service by the Customer.

An interruption period starts when inoperative Service is reported to the Company and the Service is released to the Company or Company-designated Third Party Vendor for testing and repair. An interruption period ends when Service is operative and released to the Customer, and the Customer has accepted Service. If the Customer cannot be contacted for notification that the Service is operative within four (4) hours after restoration of Service, then no claim applies once Service is restored.

Regardless of the number of Service interruptions within a billing period, credits for interrupted Service will not exceed 100% of the monthly rates of the affected Service that the Customer would have otherwise paid.

- (B) An out-of-service credit will not be given to a Customer if the interruption in Service is due to the negligence of the Customer or exogenous factors (outside the Company's or Third Party Vendor's control).

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.6 Out-of-Service Credits (continued)

5.6.2 Interruption of Service (continued)

- (C) In order to permit the Company to make tests and adjustments appropriate for the maintenance of services within satisfactory operating parameters, Specialized Communications Services provided herein shall be available to the Company at times mutually agreed upon between the Company and the Customer. Tests and adjustments shall be completed within a reasonable time. No out-of-service credit will be allowed for any interruptions involved during such tests and adjustments.
- (D) The allowance for the period of interruption per affected Service is defined in Section 5.6.3 of this Tariff.
- (E) Outages must be determined by the Company to be in Company-Provided facilities or Local Access facilities where the Company acts as the Customer's agent for provisioning the Local Access.

Issued: January 16, 2004

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.6 Out-of-Service Credits (continued)

5.6.3 Credit Allowances

(A) Specialized Communications Services

For Specialized Communications Services, except for PRI ISDN, the credit allowance is equal to 1/1440 of all applicable billed elements of the affected Service for each (and portion of) half hour, not to exceed the full monthly recurring charges. For PRI ISDN Service, the credit allowance is equal to 1/60 of all applicable billed elements of the affected Service for each (and portion of) half hour, not to exceed the full monthly recurring charges.

(B) Miscellaneous Installation Service Credits

An installation service credit equal to 20% of the installation charge will be granted for each day missed if the Company fails to meet the service order due date without cause or notice of mutual consent with the Customer. Credits are not to exceed the full non-recurring or installation charges. An exception to an installation service credit is service orders with an expedite status, where the requested due date is missed but the normal due date interval is met. Expedites are met on "a best effort" basis. Order expedite charges apply when a Customer requests a circuit due date that is earlier than the standard provisioning interval.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.7 DVA 6-Pack and DVA 12-Pack

5.7.1 General Description

- (A) DVA 6-Pack and DVA 12-Pack provide a path between the Customer's Integrated Access (IA) hub and the Company-designated POP. The access facility has the Bandwidth capacity of 384 Kbps or 768 Kbps, respectively, utilizing in-band signaling, B8ZS and Extended Super Frame Format. The portion of the access before the IA hub is the Customer's responsibility.
- (B) DVA 6-Pack and 12-Pack may be offered in combination with Local Exchange Carrier Integrated Access Services. DVA 6-Pack and 12-Pack Service provides fixed sized (fractional DS1 Bandwidth) digital transport for DVA. The Service is channelized digital Service connecting designated Integrated Access hubs to the Company POP. Outbound and toll free services utilizing Dedicated Access can be configured into trunk groups of fixed Bandwidths – 384 Kbps or 768 Kbps. The Service includes appropriate multiplexing onto shared access facilities at designated hub locations. The Circuit is not mileage sensitive from designated hub locations.
 - .1 DVA 6-Pack – Dedicated Access of 384 Kbps Bandwidth that provides a path between the Customer's IA hub or equipment and the Company-designated POP. 384 Kbps Bandwidth is equivalent to 6-DS0s. DVA 6-Packs can handle up to six simultaneous calls. The Bandwidth may be dedicated and groomed onto larger shared Bandwidth facilities.

5.7.1 General Description (continued)

(B) (continued)

.2 DVA 12-Pack – Dedicated Access of 768 Kbps Bandwidth that provides a path between the Customer's IA hub or equipment and the Company-designated POP. 768 Kbps Bandwidth is equivalent to 12-DS0s. DVA 12-Packs can handle up to twelve simultaneous calls. The Bandwidth may be dedicated and groomed onto larger shared Bandwidth facilities.

(C) DVA DS1 and DVA DS3 provides a path between the Customer's Premises/Customer's equipment and the Company-designated POP. The access facility has Bandwidth capacity of either 1.544 Mbps or 44.736 Mbps utilizing in-band signaling. Typical configuration (network design) consists of two Channel terminations at the Circuit's ends and mileage computed by V&H coordinates between the Customer's serving Wire Center and the Company-Provided POP. A Local Access Provider provides the access facility. If requested by the Customer, the Company will act as the Customer's agent for obtaining the required access facility, coordinate turn-up of services, and provide billing. Third-party access facilities are offered at a pass-through rate.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.7 DVA 6-Pack and DVA 12-Pack (continued)

5.7.1 General Description (continued)

(C) (continued)

- .1 DVA DS1 – Dedicated Access of 1.544 Mbps Bandwidth that provides a path between the Customer's premises/equipment and the Company-designated POP. 1.544 Mbps is equivalent to 24-DS0s. DVA DS1 can be configured to handle up to twenty-three (23) or twenty-four (24) simultaneous calls.
- .2 DVA DS3 – Dedicated Access of 44.736 Mbps Bandwidth that provides a path between the Customer's premises/equipment and the Company-designated POP. 44.736 Mbps is equivalent to 672-DS0. DVA DS3 can be configured to handle up to 672 simultaneous calls.

- (D) Designated IA Hubs - The Company will provide a list of IA hub locations available under these Service offerings. At these designated IA hubs, the Company will provide appropriate Carrier Facility Assignment/ Connecting Facilities Arrangement (CFA) necessary to assign the appropriate channels to provide voice trunking service. The Channel assignments aggregate onto access facilities directly ported to the long-distance Switched Services network.

5.7.7 Service Level Credits

The following table identifies the individual metrics and values for DVA 6-Pack and DVA 12-Pack Service:

Metric	Value
Network Availability	99.9% in any month
Time to Repair	6 hours

To obtain a service level credit, the Customer must report the service problem to the Company's Customer Care Department or other location designated by the Company. Unless the Customer has canceled Service, the service level credit will be accomplished by a credit on a subsequent bill for Service. The service level credits will appear on the Customer's bill no later than the two (2) billing cycles following the restoration of the interruption of Service. If the Customer has canceled Service, the credit will be applied to the last invoice and only the excess over the amount due will be refunded to the Customer. In no event will the total of the service level credit and the service outage credit exceed the monthly recurring charge for the DVA.

SECTION 5 - DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.7 DVA 6-Pack and DVA 12-Pack (continued)

5.7.8 Specialized Communications Services

For Specialized Communications Services, except for PRI ISDN and/or DVA 6 Pack/DVA 12-Pack Service, the credit allowance is equal to 1/1440 of all applicable billed elements of the affected Service for each (and portion of) half hour, not to exceed the full monthly recurring charges.

For PRI ISDN and/or DVA 6 Pack/DVA 12-Pack, the credit allowance is equal to 1/60 of all applicable billed elements of the affected Service for each (and portion of) half hour, not to exceed the full monthly recurring charges.

SECTION 6 - SPECIALIZED COMMUNICATIONS SERVICES RATES AND CHARGES

6.7 SBC PremierSERVsm National ATM

SBC PremierSERVsm National ATM is available at ICB pricing.

ADMINISTRATIVELY
APPROVED FOR FILING

Issued: January 16, 2004

Effective: February 22, 2004

Interexchange Service Tariff

SECTION 7 - MISCELLANEOUS CHARGES

7.1 Return Check Charge

When another telecommunications carrier provides the billing function on behalf of the Company, the other carrier's bad check charge applies. Otherwise, the Company will assess the Customer a maximum return check charge of \$100.00 for any check that is returned for any reason by the financial institution on which it is drawn.

7.2 Additional Labor Charges

For additional labor charges for National Frame Relay Service, see Section 6.2.4 of this Tariff. For all other Data Services, the charges are as follows:

	Maximum Rate Per Fifteen Minutes
8:00 am to but not including 5:00 pm Monday through Friday excluding holidays	\$75.00
Holidays (New Years Day, Federally Observed Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas)	\$93.75
All Other Times	\$93.75

Interexchange Service Tariff

SECTION 7 - MISCELLANEOUS CHARGES

7.3 Order Expedite Charge

Customers may request a change in the requested Service due date for pending Service Orders. When the Company accepts a request to expedite an order, the Company does not promise to deliver on the desired due date in advance of the normal service order interval.

The Company will use its best effort to meet the desired due date. A one-time charge applies when the Customer requests a Service due date sooner than the standard interval due date, and Service is provided sooner than the standard interval due date. An Order Expedite Charge applies when a change of requested Service due date is the only Customer requested change to the original or supplemental Service Order. The Order Expedite Charge will be applied to each Private Line Circuit and each Frame Relay UNI/NNI Port, each PRI ISDN Port, and each DVA 6-Pack/DVA 12-Pack Circuit where an expedited due date is requested. Any expedite charges incurred for the provisioning of local access are not included in this Order Expedite Charge and will be passed through to the Customer. If the Customer requests a change to the Service Order in addition to the requested Service due date, the Service Order Change Charge applies pursuant to Section 2.16.2 (B) of this Tariff in lieu of the Order Expedite Charge. The maximum Order Expedite Charges are as follows:

	Non-Recurring
Private Line Rate Per Circuit	\$1,500
Frame Relay Rate Per UNI/NNI Port	\$900
DVA 6-Pack/DVA 12-Pack Per Port	\$1,500
PRI ISDN Rate Per Port	\$1,500

SECTION 8 - PROMOTIONS

8.1 General

From time-to-time, the Company may offer special promotions to its Customers waiving certain charges, offering Service(s) at special rates, and/or offering promotional discounts.

Promotional discounts include but are not limited to reduced monthly rates or charges for an existing Service, incentive subscription bonuses, free Service periods, full or partial waivers of installation charges or optional feature charges or any combination thereof.

Terms and conditions of promotions may be limited to certain dates, times, market segments, and/or locations. The Company may engage in national and/or intrastate special promotional offerings or trial Service offerings designed to attract new Customers, retain existing Customers, win back former Customers, or stimulate Customer usage. The terms of national promotional offerings are set forth in the applicable interstate tariffs governing such programs. To the extent these programs may extend to intrastate Services, the terms of these national offerings are incorporated by reference. The Company may require an advance payment as a condition of a promotional offering. Details regarding a promotion will be filed with the Commission prior to the effective date of the promotion, consistent with the rules of the Commission.

SECTION 9 - CONTRACT SERVICES

9.1 Special Service Arrangements

9.1.1 General

Customer-specific service arrangements, which may include engineering, installation, construction, facilities, assembly, and/or other special services, may be furnished in addition to existing Tariff offerings. Rates, terms, and conditions plus any additional regulations, if applicable, for the special service arrangements will be developed upon Customer's request. Unless otherwise specified, the regulations for the special service arrangements are in addition to the applicable regulations specified in other sections of this Tariff. Such terms and conditions and rates and charges will be available under contract to similarly situated Customers for a period of ninety (90) days following the effective date of the SSA of the initial Customer for whom the SSA was designed, unless otherwise specifically provided for in the SSA. Similarly situated Customers enrolling in a SSA must agree to service installation no more than ninety (90) days after contracting to receive services under a SSA.

PRICE LIST- PRIVATE LINE SERVICES RATES AND CHARGES

3.1 Return Check Charge

When another telecommunications carrier provides the billing function on behalf of the Company, the other carrier's bad check charge applies. Otherwise, the Company will assess the Customer a return check charge of \$25.00 for any check that is returned for any reason by the financial institution on which it is drawn.

3.2 Additional Labor Charges

For additional labor charges for National Frame Relay Service, see Section 2.2.4 of this Price List. For all other Data Services, the charges are as follows:

	Rate Per Fifteen Minutes
8:00 am to but not including 5:00 pm Monday through Friday excluding holidays	\$25.00
Holidays (New Years Day, Federally Observed Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas)	\$31.25
All Other Times	\$31.25
